Hail Mary

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima

When you receive this email say a Hail Mary and ask for a special favor

"Hail Mary, full of grace The Lord is with thee Blessed art thou among women and blessed is the fruit of thy womb, Jesus Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen." (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love health, prosperity and truth When you are down to nothing, God is up to something. This has been traveling since 5/13/07"

PRIVACY NOTICE

HOW HEALTH AND FINANCIAL INFORMATION ABOUT YOU MAY BE USED AND SHARED YOUR RIGHT TO ACCESS THIS INFORMATION - PLEASE REVIEW CAREFULLY

Our Privacy Commitment

This notice applies to you as a prospective current or former customer. It describes what we do with your Personally Identifiable Information ("PII"). It also describes the choices you have about PII in our care.

PII is information that clearly identifies you. Examples of PII are your name, address, social security number, information about your health and finances, and other nonpublic information.

We will not ask for your PII unless it is reasonably necessary to issue or service your insurance with us.

This notice covers the insurance companies owned or controlled by CNO Financial Group, Inc. ("Affiliates" or "Affiliated Companies") which are listed below.* We may change our privacy practices at any time. For purposes of federal health privacy law, we are an affiliated covered entity. This means that our health insurance plans comply with federal health privacy laws as a single entity.

Protecting Your Information

Your trust is important to us. We take your privacy seriously. We limit access to our buildings and our information systems to authorized persons. We have policies and procedures designed to keep PII safe and secure. We train our personnel to make privacy a priority. We use privacy and security safeguards that obey state and federal regulations. If state law is stricter than federal law, then we will follow the stricter law.

Types of PII We Collect and Why We Collect It

Mostly, we collect your PII directly from you. You provide PII when you apply for insurance, make a claim for benefits or ask us to perform a transaction on your policy. We need your name and contact information, date of birth and may need your social security number. Depending on the coverage you apply for, we may ask you about your past or present health status and financial assets.

We also collect your PII from third parties. We may need medical records or consumer credit reports to underwrite your coverage or to process insurance claims. We may get reports from MIB, Inc., a nonprofit insurance support organization that exchanges information with its members. We may ask about the insurance you have with an Affiliated Company such as the amount of your coverage or your payment history. We get your authorization to obtain this information, unless the law allows otherwise.

We use your PII for the purpose of issuing and servicing your insurance coverage. The issuing company may also use your PII to offer you other products and services. However, we do not use your health information for marketing purposes unless the law allows it.

Sharing PII Fairly and Legally

We may share your PII with nonaffiliated companies that perform services for us in order to help administer your policy, or with whom we have joint marketing agreements. These companies are also required to maintain strict privacy and security standards. You cannot restrict this type of sharing.

We may share your PII with Affiliated Companies or nonaffiliated companies as allowed by law such as to protect the security of our records, to meet legal or regulatory requests or to follow state, federal or local laws. We may share a limited amount of PII provided by you with MIB, Inc. You cannot restrict this type of sharing.

Your Opt-Out Rights

If you do not want us to share your PII (except as permitted by law) with Affiliated Companies or nonaffiliated companies you may call the toll free number listed below to opt-out of Affiliate sharing, nonaffiliated company sharing or both. If you previously opted out of Affiliate sharing, your election is effective for 5 years. If you previously opted out of nonaffiliated company sharing, your election is effective until you revoke it.

*Bankers Life and Casualty Company, Bankers Conseco Life Insurance Company, Colonial Penn Life Insurance Company, Conseco Life Insurance Company, Conseco Life Insurance Company of Texas, Washington National Insurance Company. Bankers Conseco Life Insurance Company is a New York licensed insurance company.

Section 1.10.32 of "de Finibus Bonorum et Malorum", written by Cicero in 45 BC

"Sed ut perspiciatis unde omnis iste natus error sit voluptatem accusantium doloremque laudantium, totam rem aperiam, eaque ipsa quae ab illo inventore veritatis et quasi architecto beatae vitae dicta sunt explicabo. Nemo enim ipsam voluptatem quia voluptas sit aspernatur aut odit aut fugit, sed quia consequuntur magni dolores eos qui ratione voluptatem sequi nesciunt. Ut enim ad minima veniam, quis nostrum exercitationem ullam corporis suscipit laboriosam, nisi ut aliquid ex ea commodi consequatur? Quis autem vel eum iure reprehenderit qui in ea voluptate velit esse quam nihil molestiae consequatur, vel illum qui dolorem eum fugiat quo voluptas nulla pariatur?"

1914 translation by H. Rackham

"But I must explain to you how all this mistaken idea of denouncing pleasure and praising pain was born and I will give you a complete account of the system, and expound the actual teachings of the great explorer of the truth, the master-builder of human happiness. No one rejects, dislikes, or avoids pleasure itself, because it is pleasure, but because those who do not know how to pursue pleasure rationally encounter consequences that are extremely painful. Nor again is there anyone who loves or pursues or desires to obtain pain of itself, because it is pain, but because occasionally circumstances occur in which toil and pain can procure him some great pleasure. To take a trivial example, which of us ever undertakes laborious physical exercise, except to obtain some advantage from it? But who has any right to find fault with a man who chooses to enjoy a pleasure that has no annoying consequences, or one who avoids a pain that produces no resultant pleasure?"

Section 1.10.33 of "de Finibus Bonorum et Malorum", written by Cicero in 45 BC

"At vero eos et accusamus et iusto odio dignissimos ducimus qui blanditiis praesentium voluptatum deleniti atque corrupti quos dolores et quas molestias excepturi sint occaecati cupiditate non provident, similique sunt in culpa qui officia deserunt mollitia animi, id est laborum et dolorum fuga. Et harum quidem rerum facilis est et expedita distinctio. Nam libero tempore, cum soluta nobis est eligendi optio cumque nihil impedit quo minus id quod maxime placeat facere possimus, omnis voluptas assumenda est, omnis dolor repellendus. Temporibus autem quibusdam et aut officiis debitis aut rerum necessitatibus saepe eveniet ut et voluptates repudiandae sint et molestiae non recusandae. Itaque earum rerum hic tenetur a sapiente delectus, ut aut reiciendis voluptatibus maiores alias consequatur aut perferendis doloribus asperiores repellat."

1914 translation by H. Rackham

"On the other hand, we denounce with righteous indignation and dislike men who are so beguiled and demoralized by the charms of pleasure of the moment, so blinded by desire, that they cannot foresee the pain and trouble that are bound to ensue; and equal blame belongs to those who fail in their duty through weakness of will, which is the same as saying through shrinking from toil and pain. These cases are perfectly simple and easy to distinguish. In a free hour, when our power of choice is untrammelled and when nothing prevents our being able to do what we like best, every pleasure is to be welcomed and every pain avoided. But in certain circumstances and owing to the claims of duty or the obligations of business it will frequently occur that pleasures have to be repudiated and annoyances accepted. The wise man therefore always holds in these matters to this principle of selection: he rejects pleasures to secure other greater pleasures, or else he endures pains to avoid worse pains."

[illegible]

- Data is updated frequently (typically every 60 minutes) from the production database. Giving accurate online reporting.
- CaaS is partially normalized. This helps to speed up database performance and data retrieval.
- Customers can directly access their data via the aggregated database and run reports or export data directly and consequently integrate them in their own data warehouse.

[illegible]

- On the secondary aggregated server during the restore operation all connections are dropped and users blocked until the restore completes. Typically this takes between 10 seconds and a few minutes depending on the how busy the production database is. To minimize the disruption all data is imported during the night (CET) and a window between 1 and 5 AM each day where the restore operation is not performed. This will allow for a consistent import window to all customers.
- Once a week in the early hours of Saturday morning the weekly maintenance changes applied on the production database are applied in turn to the transaction log to make the aggregated database. This can take several hours during which all connections to the aggregated database are unavailable.
- Data is not absolutely real time. We can increase the restore frequency every 15 minutes in the most frequently recommended. Bear in mind connections are dropped during a restore. The more it takes to restore the more will be dropped. All the benefits of CaaS will be lost if the restore takes longer than the time between restores.
- Log shipping is a chargeable service. Not all customers have their data to pay for this service and there are alternatives such as email or a shared database backup from your FTP server.

[illegible]

- Only the aggregated database is backed up. Please be aware that the backup consists of individual files. The server backup will only be run once per day. If the customer will need to have their own premise database server and skills to use the backup. CaaS provide no support for importing the backup. The size of the database can also present a limitation as it takes time to copy the backup to the FTP server and in turn for the customer to download.

[illegible]

All data will be made available on the data aggregation point service. Consult with the Service Delivery Project Manager for further information and before offering an email to a customer.

[illegible]

Between customer and service provider environments that have been established. Any breaches of the service provider measured from when the approved request is allocated to CaaS Support by the Service Delivery Project Manager.

Wireless Quick Start Guide (Continue)

Method 3: Use the Wireless Setup Wizard on the printer's control panel

Note: To connect using this method, you must have a wireless network set up and running.

Tip: Find out the name of your wireless network (SSID) and wireless password (WEP Key or WPA password) if you are using security. You can sometimes find them on the back or side of the wireless router if you have not changed them

1. From the Home screen on the printer control panel, touch the tab at the top of the screen to open the Dashboard. Touch the Wireless icon, touch the Settings icon, touch "Wireless Settings", touch "Wireless Setup Wizard", and then follow the on-screen instructions.
2. After you have successfully completed the Wireless Setup Wizard, the Wireless light stops blinking and stays on.
3. Open a web browser and visit 123.hp.com/ojp8970 to install the HP software and follow the instructions.
   Note: If you are unable to download or install the HP printer software from this website, use the CD provided with the printer.

Note: To test the wireless setup from the Home screen on the printer control panel, touch the tab at the top of the screen to open the Dashboard, touch the Wireless icon, touch the Settings icon, touch "Print Reports", and then touch "Wireless Test Report". The printed report includes tips to help solve any problems.

Tip: If you need further help, see the printed documentation provided in-box with the printer, visit the HP Wireless Printing Center (www.hp.com/go/wirelessprinting), download and run the HP Print and Scan Doctor utility (www.hp.com/go/tools), or contact the person who set up your network.

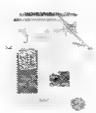
Documents Stack

Welcome to Mac OS X Leopard



The Dock in Leopard has a sleek new look and a new feature called Stacks. With Stacks, you can quickly access frequently used files right from the Dock.

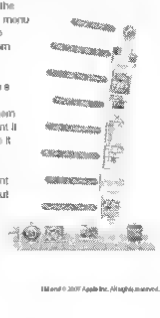
Stacks are simple to create. Just drag any folder to the right side of the Dock and it becomes a stack. Click a stack and it springs from the Dock in either a fan or a grid. To open a file in a stack, click the file once.

Mac OS X Leopard includes two premade stacks called Documents and Downloads. You opened this file from the Documents stack. The Documents stack is a great place to keep things like presentations, spreadsheets, and word processing files. You can drag files to the stack or save them to the stack from a application.

Documents Downloads

Stacks automatically display their contents in a fan or a grid based on the number of items in the stack. You can also view the stack as a list. If you prefer one style over the other, you can set the stack to always open in that style.

Stacks intelligently show the most relevant items first or you can set it to sort order so that the items you care about most always appear at the top of the stack. To customize a stack, position the pointer over the stack icon and hold down the mouse button until a menu appears. Choose the settings you want from the menu.



To remove a file from a stack, just open the stack and drag the item out to where you want it. To delete a file, move it to the Trash. In fact, when you're done reading this document, feel free to throw it out.

NOTICE OF PRIVACY PRACTICES

IMPORTANT: THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION

PLEASE REVIEW IT CAREFULLY

AAA Ambulance Service is dedicated to protecting your medical information. We are required by law to maintain the privacy of protected health information (PHI) and to provide you with this Notice of our legal duties and privacy practices with respect to protected health information (PHI). AAA Ambulance Service is required by law to abide by the terms of this Notice but we reserve the right to change the terms of the Notice, making any new notice provisions effect for all the PHI that we maintain. If AAA Ambulance Service revises the terms of this Notice, it will make paper copies of this Notice at Privacy Practices available upon request.

Patient's Individual Rights: In addition to your right to receive communications of your PHI from us in a confidential manner, you have the following rights:

- The right to inspect and copy your medical information. This right is subject to certain specific exceptions and you may be charged a reasonable fee for any copies of your records.
- The right to request restrictions on certain uses and disclosures of your PHI but in some instances we are not required to agree to your requested restriction.
- The right to request an amendment of your medical information. In certain instances, we may deny your request, but, if denied, we will provide you with a written explanation for the denial.
- The right to receive an accounting of the disclosures of your medical information for six years prior to your request.
- The right to complain to AAA Ambulance Service as well as to the United States Department of Health and Human Services if you believe that we have violated your privacy rights. In exception to us, please call our Privacy Officer at (601) 264 0175 if you choose to file a complaint. you will not be retaliated against in any way.

Uses and Disclosures of PHI: AAA Ambulance Service may use and disclose your PHI without your written authorization:

- For treatment purposes, examples include: using your PHI to facilitate your proper care in obtaining your PHI in writing or via mail or cell phone to a hospital or specific center when proper for your treatment.
- For payment purposes, examples include: billing and seeking reimbursement, managing accounts, determining and performing medical necessity, until we will no outstanding amounts.
- For purposes of health care operations, examples may include: quality assurance activities, training, billing purposes, obtaining legal and financial services, conducting business planning, processing grievances and complaints, and creating reports for data collection purposes.
- For the treatment activities, payment activities, or health care operations of another health care provider (such as a hospital)
- To remind you of any scheduled appointments for non-emergency transportation or to inform you about other services
- For other purposes permitted by law and for activities related to AAA Ambulance Service's compliance with the law.
- Unless you object, to inform family members or other concerned individuals involved in your care about your general condition, where you are being taken, and other general information.
- To report certain situations as required by law to public health authorities and law enforcement agencies (such as reporting a birth, death, or communicable disease, child or adult abuse or neglect, domestic violence, a gunshot wound, threat of violence, drug abuse, etc.).
- For certain investigative activities such as audits or government investigations, inspections, disciplinary proceedings etc.
- In judicial and administrative proceedings as required by a court or administrative order, or in response to a subpoena or other legal process not ordered with HIPAA.
- In law enforcement or limited situations, such as when properly subpoenaed or where the information is needed to locate a suspect or stop a crime.
- For military, national defense and security and other special government functions.
- To avert a serious threat to the health and safety of a person or the public at large.
- For worker's compensation purposes.
- To coroners, medical examiners, and funeral directors as authorized by law.
- If you are an organ donor, to release health information to organ banks that handle organ procurement or organ, eye or tissue transplantation or to an organ donation bank, as necessary to facilitate organ donation and transplantation.
- For research projects subject to strict oversight and only when there is a minimal risk to your privacy and adequate safeguards are in place in accordance with the law.
- We may further use or disclose your health information about you in a way that does not personally identify you or reveal who you are.

Any other uses or disclosures of PHI other than those listed above will be made only with your written authorization. You may revoke your authorization at any time, in writing, except to the extent that we have already used or disclosed medical information in reliance on that authorization.

If you would like further information regarding your rights or regarding the uses and disclosures of your medical information, you may contact AAA Ambulance Service, P. O. Box 17888, Hattiesburg, MS 39404- 7888, telephone (601) 264-0175.

Consumers Benefit from Coverage Expansion, But May Face Difficulty Assessing Coverage & Cost of Infertility Treatments

Shopping for Coverage & Accessing Benefits

- Consumers should check whether plans cover the infertility products and services they need and assess their cost-sharing obligations in those plans

  Requires studying plan information online, researching the formulary, and in many cases reaching out to plans directly if information online is not readily available

- Consumers may find plans restrict access to certain providers or limit therapies in order to contain costs

- Given that infertility treatments may not be deemed clinically appropriate, patients could face significant barriers if they try to appeal a coverage decision

Future of State Fertility Mandates

- For the 2016 benefit year, coverage of infertility treatments in states with a mandate has yet to be determined as federal regulations have not been issued on EHB

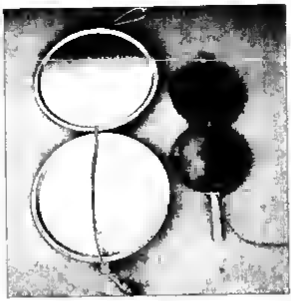
Planar Disk Antennas

Kent Britain WA5VJB/G8EMY



Twenty years ago I got a new Icom R7000 receiver and built a Planar Disk antenna for it. After all these years it's still hanging from a rafter in the attic connected to that same R7000

Theory is simple enough just two disks mounted very close to each other and coax soldered at the gap between the two disks. Lowest frequency is determined by the size of the disks. About 1/4th wave wide at the lowest frequency. As frequency goes up, the gap between the disks become two exponential slots much like a Vivaldi Antenna or a Ridged Horn. The closer the gap, the higher the max usable frequency 2 to 1 SWR Bandwidths of 10 to 1 or more..are easy enough. It is this wide bandwidth that makes Planar Disks very popular for UWB (Ultra Wide Bandwidth) applications.

Cool Antenna!! If you're a Ham, build one.

Dear Medi-Cal Recipient,

You are getting this letter because you had Medi Cal health coverage that met the requirements for minimum essential coverage (MEC) during the last tax year. The Affordable Care Act requires most people to report to the Internal Revenue Service (IRS) that they had MEC health coverage for the tax year. Attached to this letter is the IRS Tax Form 1095-B (Form 1095-B). **Although, you are not required to have Form 1095-B to file your taxes, please save this form for your record**

You may get more than one Form 1095-B because:

1. Form 1095-B is sent to each person enrolled in a Medi-Cal program that meets the health coverage requirement for MEC. This means you could get more than one form if other people in your household also have Medi-Cal
2. You or your family member had a change in health coverage during the reported tax year after the original Form 1095-B was sent. A new form reporting the correct coverage will be sent to you
3. Medicare and some employers will also send Form 1095-B

Frequently Asked Questions

Q: Why are some of the months that I had Medi-Cal not on the form or some of my information is incorrect?

A: There are some Medi-Cal programs that do not count as MEC. If you think we made a mistake, contact your county human services agency to speak with a County Eligibility Worker (CEW) to verify or update your correct eligibility status

By contacting your CEW, you may also discuss your personal information and make changes as necessary. In some cases, your CEW may require additional personal information for identity verification

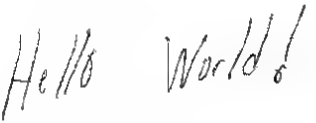
Thanks!



Hello World!

MFD ECOPY Test List

Here is a quick list of functions to test on ECOPY enabled MFDs

1) Create a Test Page in MS Word with the text "MFD = <Enter MFD Name here>" Use bold typeface and the largest font size that will fit on a single page Use this page for outbound fax tests from the named MFD
2) Press the ECOPY button on the MFD touch screen Log into ECOPY with your NT Domain user ID and password
3) Run a Scan To-Self test and send the Test Page from Step-1 to your e-mail box.
4) Run a Scan To-Mail test and send the Test Page from Step-1 to your e-mail box.
5) Use the iExpense feature within ECOPY to transmit Test Page from Step-1 to the iExpense mailbox.
6) Send the Test Fax from Step 1 to faxtoy net at 1-855-330-1289 Please view the inbound faxes at faxtoy net to confirm that the test fax sent was successfully received It will appear as a small thumbnail image on the faxtoy net web page if sent successfully If FaxToy.net does not show the correct test fax thumb nails, please send the test fax to another nearby MFD
7) Dial the fax number from a touch tone phone. Listen for the fax signal automated beeps. If they can be heard, proceed to Step-7 below If you get a busy signal then the fax line may not be working correctly Rerun this test in 15 minutes if the first test failed
8) Send Inbound fax from faxtoy.com to the MFD being tested Fill in all required fields on the faxtoy.com fax form especially the fax number Please coordinate this with a second party if the sending PC is not at a nearby location. Please confirm that the fax is received at the device

Please record the results below

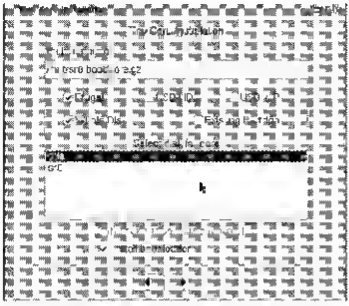
2.1.1. Step 1. Source and destination



In this first step, we need to select the install media, install type and the target. The installer may be able to detect the install media automatically as in this image; if not, click on the "Path" entry to manually browse for the install media.

The three install types on Plugged USB HDD and USB ZIP Plugged is the default type. It may be installed to a partition, and usually works. Install to Hard Disk is for USB-HDD mode thumb disk and is slightly different formatting, which may help the USB thumb boot on computers where this would not. USB-ZIP is for older BIOSes that needed ZIP drive emulation in order to boot from USB

¿Cuántas veces perdonará q mi hermano?

Le perdonaré, no siete veces, sino setenta veces siete veces. Aquí pone una máxima de muy alto a su nivel cercano. Fijaos en esas palabras de misericordia de la creación tan sencilla, tan resumida y tan grande en sus aspiraciones que Jesús da a sus discípulos, encontraréis siempre al mismo pensamiento. Y responde a Pedro: "Tú perdonarás pero sin límites. Tú perdonarás siempre cuanta ofensa te hagan. Tú amarás a tus hermanos en olvido de si mismo que les hace invulnerables contra el ataque de las malas procederes y las injurias. Tú serás bueno y humilde de corazón, no midiendo nunca, su mansedumbre lo hará en Tu lo que desees que el Padre haga por Tí."

Perdonad; sed indulgentes, caritativos y hasta pródigos de vuestros años. Dad porque al Señor os dará; perdonad porque el Señor os perdonará bajaos, porque el Señor os levantará humillaos, porque el Señor os hará sentar a su derecha.

Espiritistas, no olvidéis nunca, que tanto un palabra como en acciones, el perdón de las injurias no cabe ser una palabra vana; si os damais espiritistas, sedlo pues olvidad al mal que os han podido hacer, y no pensais sino en una cosa, el bien que podáis hacer. Dios sabe lo que mora en el corazón de cada uno, feliz pues aquel que todos los días puede dormirse diciendo: "nada tengo contra mi prójimo."

(Simeón Bordeaux 1868)

Perdonar a sus enemigos, es pedir perdón para si mismo, perdonar sus amigos, es darle una prueba de amistad, perdonar las ofensas es reconocer que uno se vuelve mejor; perdonad pues amigos míos, a fin de que Dios os perdone.

Amén.

WESTPARK JOG-A-THON 2014
FRIDAY, March 28th, 2014

Jog-A-Thon Running Times
Grades K-3: 8:45 a.m. to 9:15 a.m.
Parents Race at 9:25 a.m. – *Strutting with the Principal*
Grades 4-6: 9:45 a.m. to 10:25 a.m.

BEFORE THE JOG-A-THON:

1. Return the signed Parent Approval/Student Waiver to your teacher before the Jog-A-Thon. Only one signature is required.
2. List all your sponsors and their flat pledge amounts on the pledge envelope.
3. **Return the pledge envelope and all donations to your teacher by Monday, March 24th, 2014.**
4. Checks should be made payable to Westpark PTA. Cash is good, no coins- please.
5. There is **NO** per lap pledge this year.

FOR THE JOG-A-THON:

1. Be sure to get plenty of rest the night before and eat a good breakfast.
2. Wear comfortable clothing, including your Jog-A-Thon t-shirt and shoes for running.
3. You may walk, jog, or run your laps with your classmates.
4. A teacher or parent volunteer will mark each lap as you complete it.
5. Parents don't forget to sign up for "Strutting with the Principal" on the pledge envelope.
6. Kids and Parents make it fun - wear a silly hat or paint your hair and show your school spirit!

Awards & Prizes:

In order to qualify for an award or prize, your pledge envelope with total amount due and a signed Parent Waiver must be returned by Monday, March 24, 2014.

Most laps by boys and girls in each class will be awarded achievement certificates, most spirited student will win a prize, and the class raising the most money wins a party!

CORPORATE SPONSORSHIPS WOULD BE A BIG HELP!

Can your business or employer pitch in with a donation? Corporate sponsors subsidize the cost of the jog-a-thon t-shirt. CAN YOU HELP? Contact MaryAnn Walton at maryann.walton@cox.net with your sponsor and donation.

Chapter Twelve (Fiscal Policy)

Expansionary fiscal policy (deficit spending) – used to increase aggregate demand and stimulate economic growth, typically during recessions

Deficit financing: government spending > tax revenue

- Borrowing money by selling government securities (bonds) to the public
- Increases the national debt
- Crowding out effect: higher interest rates may reduce private investment spending
- Monetary financing
- Printing money to finance government spending directly
- Can lead to inflation if used excessively

Tools of fiscal policy – government actions to influence economic activity

- Changing government purchases of goods and services
- Direct impact on aggregate demand
- Changing taxes
- Tax cuts increase disposable income, encouraging consumption and investment
- Tax increases reduce disposable income, decreasing consumption and investment
- Changing transfer payments
- Adjusting welfare, unemployment benefits, and other government payments to individuals

Automatic stabilizers – built-in features that help stabilize the economy without new legislation

- Progressive income tax system
- Unemployment insurance
- Welfare programs

Discretionary fiscal policy – deliberate changes in government spending or taxes to influence the economy

Multiplier effect – the idea that an initial change in spending can lead to a larger change in overall economic activity

- Example: $100 billion in government spending may increase GDP by more than $100 billion
- Size depends on the marginal propensity to consume (MPC)

Crowding out – when increased government borrowing leads to higher interest rates, reducing private investment

- Can partially offset the stimulative effects of expansionary fiscal policy
- More likely when the economy is near full employment

Time lags in fiscal policy – delays that can reduce the effectiveness of policy changes

- Recognition lag: time to identify the need for policy change
- Implementation lag: time to enact new policies
- Response lag: time for changes to affect the economy

Supply-side fiscal policy – aims to increase aggregate supply by reducing taxes and regulations

- Laffer curve: theoretical relationship between tax rates and tax revenue
- Can lead to increased economic growth and potentially higher tax revenues

Limitations of fiscal policy:

- Political considerations may delay or prevent effective policy implementation
- Difficulty in accurately predicting the future state of the economy
- Potential for crowding out private investment
- Long-term budget deficits and increased national debt

Expansionary fiscal policy – increasing government spending and/or decreasing taxes to stimulate economic growth

Contractionary fiscal policy – decreasing government spending and/or increasing taxes to reduce inflation

Balanced budget – when government revenues equal government expenditures

Budget surplus – when government revenues exceed government expenditures

Budget deficit – when government expenditures exceed government revenues

Structural deficit – a budget deficit that persists even when the economy is at full employment

Cyclical deficit – a budget deficit that occurs during economic downturns and disappears when the economy recovers

Fiscal policy time lags:

- Recognition lag
- Administrative lag
- Implementation lag
- Effectiveness lag

Crowding out effect: government borrowing may drive up interest rates, reducing private investment

Ricardian equivalence – theory that consumers may save more in response to government deficits, anticipating future tax increases

Supply-side fiscal policy:

- Tax cuts for businesses
- Deregulation
- Investment incentives

Laffer curve – illustrates the relationship between tax rates and tax revenue

Fiscal policy and income inequality:

- Progressive taxation
- Social welfare programs

Intergenerational equity – fairness in distribution of costs and benefits across different generations

Public debt:

- Internal debt: owed to domestic creditors
- External debt: owed to foreign creditors

Debt-to-GDP ratio – measure of a country's ability to pay its debts

Fiscal policy and economic growth:

- Investment in infrastructure
- Education and human capital development
- Research and development

Automatic stabilizers:

- Progressive tax system
- Unemployment insurance
- Welfare programs

Fiscal policy and business cycles:

- Countercyclical policy: opposing the direction of the economic cycle
- Procyclical policy: amplifying the economic cycle

Expansionary fiscal policy:

- Increases aggregate demand
- Shifts AD curve to the right
- Can lead to higher output and employment in the short run
- May cause inflation if the economy is near full employment

Contractionary fiscal policy:

- Decreases aggregate demand
- Shifts AD curve to the left
- Can reduce inflation
- May lead to lower output and employment in the short run

Fiscal policy and the multiplier effect:

- Government spending multiplier
- Tax multiplier

Fiscal policy and aggregate supply:

- Long-run aggregate supply (LRAS) curve
- Short-run aggregate supply (SRAS) curve

Fiscal policy and the Phillips curve:

- Short-run trade-off between inflation and unemployment
- Long-run vertical Phillips curve

Fiscal policy and the balance of payments:

- Current account
- Capital account

Fiscal policy and exchange rates:

- Impact on net exports
- Effect on capital flows

Fiscal policy and the national debt:

- Sustainability of debt levels
- Debt servicing costs

Fiscal policy and income distribution:

- Progressive taxation
- Targeted government spending

Fiscal policy and economic stabilization:

- Countercyclical policy
- Procyclical policy

Fiscal policy and the business cycle:

- Expansionary fiscal policy during recessions
- Contractionary fiscal policy during booms

Fiscal policy and the multiplier effect:

- Government spending multiplier
- Tax multiplier

Fiscal policy and aggregate demand:

- Shifts in aggregate demand curve
- Impact on equilibrium output and price level

Fiscal policy and aggregate supply:

- Long-run aggregate supply curve
- Short-run aggregate supply curve

Fiscal policy and the Phillips curve:

- Short-run trade-off between inflation and unemployment
- Long-run vertical Phillips curve

Fiscal policy and the balance of payments:

- Current account
- Capital account

Fiscal policy and exchange rates:

- Impact on net exports
- Effect on capital flows

Fiscal policy and the national debt:

- Sustainability of debt levels
- Debt servicing costs

Fiscal policy and income distribution:

- Progressive taxation
- Targeted government spending

Fiscal policy and economic stabilization:

- Countercyclical policy
- Procyclical policy

Fiscal policy and the business cycle:

- Expansionary fiscal policy during recessions
- Contractionary fiscal policy during booms

Chapter Thirteen (Money & Banking)

Functions of money:

- Medium of exchange
- Unit of account
- Store of value (limited by inflation)

Types of money:

- Commodity money (has intrinsic value)
- Fiat money (declared by government)

M1 Money:

- Physical currency (coins & bills)
- Checkable deposits
- Traveler's checks

M2 Money:

- M1 + savings deposits
- Small time deposits (< $100,000)
- Money market mutual funds

Fractional reserve banking:

- Banks hold only a fraction of deposits as reserves
- Required reserve ratio (r)
- Excess reserves

Money creation process:

- Initial deposit
- Loan creation
- Subsequent deposits and loans

Money multiplier = 1 / r

Limitations of the money multiplier:

- Cash leakage
- Excess reserves
- Time lags in the money creation process

Functions of the Federal Reserve:

- Conduct monetary policy
- Supervise and regulate banks
- Maintain the stability of the financial system
- Provide financial services to banks and the government

Tools of monetary policy:

- Open market operations
- Discount rate
- Reserve requirements

Open market operations:

- Buying and selling government securities
- Expansionary policy: buying securities
- Contractionary policy: selling securities

Discount rate:

- Interest rate charged to banks for loans from the Fed
- Lowering the discount rate encourages borrowing
- Raising the discount rate discourages borrowing

Reserve requirements:

- Percentage of deposits banks must hold as reserves
- Lowering reserve requirements increases the money supply
- Raising reserve requirements decreases the money supply

Interest on reserves:

- Interest paid by the Fed on bank reserves
- Can be used to influence the federal funds rate

Quantitative easing:

- Large-scale purchases of long-term securities
- Used when short-term interest rates are near zero

Forward guidance:

- Communication about future monetary policy intentions
- Used to influence expectations and behavior

Monetary policy and the Phillips curve:

- Short-run trade-off between inflation and unemployment
- Long-run vertical Phillips curve

Monetary policy and aggregate demand:

- Shifts in aggregate demand curve
- Impact on equilibrium output and price level

Monetary policy and aggregate supply:

- Long-run aggregate supply curve
- Short-run aggregate supply curve

Monetary policy and the balance of payments:

- Current account
- Capital account

Monetary policy and exchange rates:

- Impact on net exports
- Effect on capital flows

Monetary policy and the national debt:

- Sustainability of debt levels
- Debt servicing costs

Monetary policy and income distribution:

- Progressive taxation
- Targeted government spending

Monetary policy and economic stabilization:

- Countercyclical policy
- Procyclical policy

Monetary policy and the business cycle:

- Expansionary monetary policy during recessions
- Contractionary monetary policy during booms

Monetary policy and the multiplier effect:

- Money multiplier
- Credit multiplier

Monetary policy and aggregate demand:

- Shifts in aggregate demand curve
- Impact on equilibrium output and price level

Monetary policy and aggregate supply:

- Long-run aggregate supply curve
- Short-run aggregate supply curve

Monetary policy and the Phillips curve:

- Short-run trade-off between inflation and unemployment
- Long-run vertical Phillips

Ministry of Prayer (In Unison)
**O Almighty God, by the birth of your holy child
Jesus you gave us a great light to dawn on our
darkness
Grant that in his light we may see light.
Bestow upon us that most excellent Christmas
gift of love to all people, so that the likeness of your
Son may be formed in us, and that we may have the
ever brightening hope of everlasting life; through
Jesus Christ our Savior.**
Pastoral Prayer and the Lord's Prayer #895
*Scripture Lesson Luke 2:1-20 Pew Bible Pg 903

*Affirmation of Faith ***A Christmas Creed***
I believe in Jesus Christ
and in the beauty of the gospel begun in Bethlehem

I believe in the one whose spirit glorified a little town;
and whose spirit still brings music to persons all over the world
in towns both large and small
I believe in the one for whom
the crowded inn could find no room and I confess that my heart
still sometimes wants to exclude Christ from my life today
I believe in the one who the rulers of the earth ignored
and the proud could never understand
whose life was among, common people
whose welcome came from persons of hungry hearts
I believe in the one who proclaimed the love of God
to be invincible
I believe in the one whose cradle was a mother's arms whose
modest home in Nazareth had love for its only wealth,
who looked at persons
and made them see what God's love saw in them
who by love brought sinners back to purity
and lifted human weakness up to meet the strength of God
I confess my ever-lasting need of God:
The need of forgiveness for our selfishness and greed,
the need of new life for empty souls,
the need of love for hearts grown cold.
I believe in God who gives us the best of himself.
I believe in Jesus the Son of the living God
born in Bethlehem this night, for me and for the world.

HP Digital Fax Setup

Prerequisites

1. Make sure your computer and printer is connected to the network.
2. For either Send Fax to Email Setup OR Save Faxes to Folder make sure that you have an active Internet connection.

Option 1: Set up HP Digital Fax using HP software

Follow the appropriate steps for your computer's operating system

Windows

1. On your computer, double-click the printer icon on the desktop
2. Go to the Fax section under the Print, Scan & Fax, and then double-click Digital Fax Setup Wizard
3. Follow the onscreen instructions

Mac OS X

1. Click the HP Utility icon in the Dock.
   NOTE: If the icon does not appear in the Dock, click the Spotlight icon on the right side of the menu bar, type HP Utility in the box, and then click the HP Utility entry
2. Click the Application icon on the toolbar, select the HP Setup Assistant, and then follow the onscreen instructions

Option 2: Setup using Remote Configuration

HP Digital Fax can be remotely configured from any computer on your network, using the printer's embedded Web server

1. Type the following address into your computer's web browser:
   http://192.168.223.1
2. On the Home tab, click Digital Fax Profile in the Setup box

How reliable is 2-way RF communication?

The 2-way RF communication (also known as wireless communication) used by Honeywell is extremely robust and reliable. When installed correctly the Signal Strength test feature allows the installer to locate the system components where mutual signal reception is strong. During communication signals are sent several times to ensure receipt and if any message is garbled, the error detection software recognises this and ensures the message is repeated again.

What do I do if RF communication is lost?

Follow the steps in the Troubleshooting Guide on the next page. The most likely cause for loss of communications is the DT92E batteries running low on power. This will be indicated on the DT92E display by a flashing battery symbol, or the display may even be blank. Simply replace the batteries (as shown on page 21) and wait a few minutes for communications to become re-established.

If this does not resolve the problem it may be that the RF signal path between the ST9420C and the DT92E is blocked by a metal object. Check the direct path between the two devices and reposition any object that may be blocking the signal or move the thermostat.

How do I know when to change the batteries in the DT92E room thermostat?

If the DT92E batteries need changing, the battery symbol will flash on the DT92E display. DT92E will continue to operate for at least 4 weeks after the indicator begins to flash. The ST9420C will also show the message 'SENSOR LOW BATT' and the radiator symbol will flash. It is important to change the DT92E batteries as soon as the low battery condition is indicated, as reduced battery power may affect the RF signal strength and impair RF communications.

Can I override the Programmer from the DT92E thermostat?

As well as changing the set temperature from the DT92E, it is also possible to override the heating system on or off from the DT92E. This is only possible if the ST9420C is in AUTO or ONCE Modes. If ST9420C is in CONT mode it will not be possible to switch the heating off from the DT92E. Similarly if ST9420C is in OFF mode, it will not be possible to switch the heating on from the DT92E. If these latter overrides are required it is first necessary to change the ST9420C mode setting to AUTO or ONCE.

BECAUSE SNOW MUFFLES SOUNDS MORE THAN RAINFALL DOES.
WHY IS THAT?
THERE'S NO WAY TO KNOW.
ON THOSE CLOUDY WINTER DAYS, SOMETIMES I LIKE TO LIE BACK ON MY SLED AND LOOK AT THE SKY.
IT'S JUST GREY AND SILENT. NO BIRDS SINGING OR BUGS BUZZING. EVERYTHING IS MUFFLED BY THE SNOW.
IMAGINE WHAT IT WOULD BE LIKE WITHOUT ANY PEOPLE OR NOISES AROUND. IT WOULD BE PERFECTLY STILL.
MUSHY NEXT HUH?
YES. VERY PEACEFUL.
I HATE ALL THAT SILENCE.

THAT I the undersigned _____, (hereinafter referred to as "Releasor") fo
and in consideration of participating in the Seniors in Motion Program ("Program") in th
Town of Flower Mound ("Town") do hereby execute this "**WAIVER OF LIABILITY, RELEASE ANI
HOLD HARMLESS AGREEMENT**"

In consideration of being permitted to participate in the Program, I hereby waive
agree to release, and discharge any and all claims for damages for personal injury, death, e
property damage, which I may have, or which may hereafter accrue to me, as a result o
participation in the Program. This release is intended to discharge in advance the Town
including its officers, employees, agents, co-sponsors or volunteers, from any and all liabilit
arising out of or connected in any way with my participation in the Program, even thoug
that liability may arise out of ordinary negligence or carelessness on the part of the persor
or entities mentioned above now and forever. It is understood that participation in Progra
activities involves an element of risk and danger of accidents and knowing those risks
hereby assume those risks. It is further agreed that this waiver, release and assumption
risk is to be binding on my heirs and assigns. I agree to indemnify and to hold the Tow
including its officers, employees, agents, co-sponsors or volunteers, free and harmless fro
any and all claims, which may result from participation in the Program or a Program activit
I further waive all claims, release, defend and hold harmless the Town, officials, agents ar
employees, in both their private and public capacities, from any and all loss, cost, expens
liability, claims, suits, demands, or causes of action which may arise from the Program
from participating in a Program activity now and forever. I understand that no medic
insurance is provided.

It is further agreed that the execution of this "**WAIVER OF LIABILITY, RELEASE AN
HOLD HARMLESS AGREEMENT**" will not constitute a waiver by the Town of the defense

Hello

Related to Terminology Blue Christmas, Thursday of the Dead Samhain Hee-ta-Naa, Calan Gaaf Allantide Day of the Dead Reformation Day All Saints Day Mischief Night(d vigils)

Hallowe'en or **Hallowe'en** (a contraction of All Hallows Evening) [illegible] also known as **Allhalleween** [illegible] **All Hallows Eve** [illegible] or **All Saints Eve** [illegible] is a celebration observed in a number of countries on 31 October, the eve of the Western Christian feast of All Hallows' Day. It begins the three-day observance of Allhallowtide, the time in the liturgical year dedicated to remembering the dead, including saints (hallows), martyrs, and all the faithful departed.[1]

It is widely believed that many Halloween traditions originated from Celtic harvest festivals which may have pagan roots, particularly the Gaelic festival Samhain, and that this festival was Christianized as Halloween.[illegible] Some academics, however, support the view that Halloween began independently as a solely Christian holiday.[illegible]

Halloween activities include trick-or-treating (or the related guising), attending Halloween costume parties, decorating, carving pumpkins into jack-o'-lanterns, lighting bonfires, apple bobbing and divination games, playing pranks, visiting haunted attractions, telling scary stories, and watching horror films. In many parts of the world, the Christian religious observances of All Hallows' Eve, including attending church services and lighting candles on the graves of the dead, remain popular,[illegible] although elsewhere it is a more commercial and secular celebration.[illegible] Some Christians historically abstained from meat on All Hallows' Eve,[illegible] a tradition reflected in the eating of certain foods on this vigil day, including apples, potato pancakes, and soul cakes.[illegible]

RESULTS:
1. HPV (High Risk) mRNA by APTIMA, Liquid-based Preparation (Thinprep) Cervical
Chlamydia Trachomatis **Detected**

COMMENTS/DISCLAIMERS:
The Hologic Gen Probe APTIMA Combo 2 Assay is a target amplification nucleic acid probe test that utilizes target capture for the in vitro qualitative detection and differentiation of ribosomal RNA (rRNA) from Chlamydia trachomatis and/or Neisseria gonorrhoeae in clinician-collected endocervical, vaginal, and male urethral swab specimens, and male urine specimens. The assay may be used to test specimens from symptomatic and asymptomatic individuals to aid in the diagnosis of gonococcal and/or chlamydial urogenital disease. A negative result does not preclude the presence of a C. trachomatis or N. gonorrhoeae infection because results are dependent on adequate specimen collection, absence of inhibitors and sufficient rRNA to be detected.
The APTIMA Combo 2 Assay is not intended for the evaluation of suspected sexual abuse or for other medico-legal indications. For those patients for whom a false positive result may have adverse psychosocial impact, the CDC recommends retesting by a method using an alternate technology.

How to Receive a Test Fax

By Kenneth S. ... Updated ...
Contributor, Demand Media

Receive a test fax from HP when you send a test fax.

The only way to test the functionality of your fax machine and fax service is to send and receive a test fax. Not everyone however wants to bother friends, relatives, coworkers or clients. In addition, it just doesn't make sense to wait around for an important fax that you don't receive because something is wrong with your fax machine or fax line. You can however, receive a test fax from HP without having to spend a dime or enlist anyone's help.

Difficulty: Moderately Easy

Instructions

1. Turn off your caller ID blocking services before attempting to send out a test fax. If you do not, you will not receive a test fax in return.
2. Send a black and white text fax to 888-HPFAXME. Do not send a color fax or a fax with pictures, just a white page with black text. If you are unsure how to send a fax with your machine, refer to your user's manual. Within five to seven minutes of sending your test fax, HP will generate a return fax so you can test your receipt of fax.
3. Take the return fax out of your machine and read it to make sure it renders accurately.

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1 855-330-1239 (a toll free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fax web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

"Baptizing them in the name of the Father, and of the Son, and of the Holy Ghost"

Water Baptism in Our Beautiful Lagoon

What a day of wonderful celebration. After the Sunday Service, on our way to the lagoon the people of the church as well as those to be baptized marched through the village singing hymns and praises to Jesus as a testimony of Christ on joy and salvation in front of the people of the village who are still following the oppressive traditional religion from wh ch our new converts were delivered. We are following Christ's Great Commission of Matthew 28 19 which commands "Go therefore and make d sciples of all the nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit." This ministry and this victory belong to all who have sent us and support us. You a e soul winners!

Congratulations!

Bishop Maxwell received his Master of Divinity degree from the Pentecostal Theological Seminary in Cleveland Tennessee. He began his work on this degree over 20 years ago but left for the mission field before completing it. We praise God that He made a way for the fulfillment of this d ream.

2017 Liberian National Assembly

What a powerful national assembly we had in Liberia this year thanks to these wonderful speakers, from left to right: Sister Triese Carter, Bishop Mason Carter, Dr. Hong Yeng, and Brother Mike McIntyre. Don't they look great in their new African attire?

1AllAreas.com allows to send faxes to a FAX machine

Send/Receive Test (HP Fax Test Service)

- Load the paper into the fax machine following the manufacturer's instructions.
- Dial **"1-888-473 2963** "on the fax machine and press "Send" or "**Start** " depending on your fax machine.
- Wait for the fax to finish transmitting. You will receive a return fax from HP within five to seven minutes of completion. If the fax is received then your machine is setup properly. If you do not receive the fax, then there is a problem with its configuration.

Receive Test (Interpage Free Fax Demo)

- **Navigate to** Interpage Free Fax Demonstration website
- Enter your fax number with no additional characters in the field labeled "Phone Number "
- Enter any character in the field labeled "Alpha/Numeric Character " which will be displayed on the cover page to differentiate fax attempts. Enter a different character each time you test your fax machine.
- Enter a message into the field labeled "Message " Please note, this message will not be transmitted with the fax although the field cannot be left blank.
- Click "Send Fax" to send your test fax. The fax will be sent within a few moments of submitting.

ABSTRACT

In this paper we describe the formatting guidelines for ACM SIG Proceedings

Categories and Subject Descriptors

D.3.3 [**Programming Languages**]: Language Constructs and Features – *abstract data types, polymorphism, control structures*. This is just an example, please use the correct category and subject descriptors for your submission. The ACM Computing Classification Schema http://www.acm.org/class/1998/

General Terms

Your general terms must be any of the following 16 designated terms: Algorithms, Management, Measurement, Documentation, Performance, Design, Economics, Reliability, Experimentation, Security, Human Factors, Standardization, Languages, Theory, Legal Aspects, Verification.

Keywords

Keywords: list your own designated keywords

1 INTRODUCTION

The proceedings are the records of the conference. ACM hopes to give these conference by-products a single, high-quality appearance. To do this, we ask that authors follow some simple guidelines. In essence, we ask you to make your paper look exactly like this document. The easiest way to do this is simply to down-load a template (can [2]), and replace the sentent with your own material.

2 PAGE SIZE

All text on each page should fit within a rectangle of 18 cm (7") wide by 23.5 cm (9.25") tall, centered on the page, beginning 1.9 cm (0.75") from the top of the page and ending with 2.54 cm (1") from the bottom. The right and left margins should be 1.9 cm (.75").

Volleyball Setup

Items required

- net, poles and ties
- Sledgehammer
- tape measure
- line markers (cones, rope or spray paint)
- ball

Steps

1. Site survey - e volleyball court is basically 60' x 30' cut in half by the net. The back court spike line is 10' from the net. Be sure you have a nice level area. If you adjust the size of the court, do so fairly. You can test for square by comparing the diagonal lines across each half court.

2. Lay the net out with the top net cord on the mid court line. Pull the net straight. This is approximately where the base of the poles will be.

3. Loop the net onto the eyebolt. Loop two guide ropes per pole over the top. The guide ropes already have a loop knotted in on one end. They will be prevented from sliding down due to the bolt. Hammer in the guide rope stakes at approximately 10-12 feet at 45 degree angles from the expect pole base position.

4. Put the base blocks where the base of the poles will be. Hammer the carriage bolts through the blocks and halfway into the ground.

3. With helpers, lift the net poles vertically onto the base blocks. The poles will go over the half exposed carriage bolts.

4. Tie off the tension ropes at each stake, to get the net as tight as possible (or desired).

5. Tie off the bottom of the net to the lower eye bolt and you're done.

6. To tear down, reverse the set up steps. Folding the net is easier than rolling. Pulling up the stakes is easy if you use one of the ropes and wind it around the handle of the sledgehammer.

Choose ten of the keywords, phrases or questions listed below. For each item you choose, write a brief (one-paragraph) answer that addresses all of the following:

(a) WHAT is it?

(b) WHERE did it appear? (Indicate sources from class readings, film examples or lecture-discussions.)

(c) WHY is it significant?

* Support your main points with specific examples.
* Make sure that your answers are in your own words.
  (If you need to include key phrases from the readings, use quotation marks.)
* Your answers should be concise and to the point.
  (Padding your responses with needless verbiage will not earn any points.)

things just keep getting better.

A few years back we began telling you that you're going to love Lovelace. But we didn't just tell you – we began to show you. We made a commitment to change the way healthcare is delivered not just here in Albuquerque but in the whole state. We made a commitment to hard work and providing quality healthcare, to recruiting the best employees and to providing affordable, accessible health plans to businesses and individuals.

Our commitment is showing results. Today, Lovelace Health System is proud to be recognized by these independent organizations. But we're not finished. Our focus remains on bringing the best health care to you. And giving you, even more to love about Lovelace, every day.

It's proof positive that we're changing the way healthcare is delivered.

HISTORICAL HAPPENINGS
1958 Project SCORE, the world's first communications satellite, is launched
1996 The Oakland, California school board officially declares "Ebonics" a language or dialect.

Years ago when I was teaching, I had a class of second graders who were about evenly divided as to whether there was or was not a Santa Claus. The discussions - or more appropriately debates – in this pre-TV era were extremely serious every recess.

But it all came to an end one day after recess Young Larry stood up looked at me with a smile and said in a loud, convincing voice "Miss Lauze, Santa Claus can't be your Mom and Dad because they sure can't go around the whole world in 1 night!"

And a whole class of believers got out their arithmetic books.

A one woman was seen at the carrot bin in the produce section of the local grocery. He was picking his nose.

Two guys are talking about their boss's upcoming wedding
One says, "It a rich deal, he's rich but he a 93 years old, and she s just 26 What kind of a wedding is that?"
The other says, "Well, we have a name for it in my family "
"What do you call it?" "We call it a football wedding."
The first asks, "What's a football wedding?"
The other says, "She's wanting for him to kick off!"

While shopping for a CD player I was able to decipher most of the technicalese on the promotional signs.
One designation had me puzzled, though so I called over a salesperson and asked. "What does 'hybrid pulse D/A converter' mean?"
That means" he said "that this machine will read the digital information that is encoded on CDs and convert it into an audio signal – that is into music."
"In other words this CD player plays CDs "
"Exactly "

Oxidation – the number of bonds between carbon and oxygen has increased.

10 Describe the structure and bonding of the methane molecule. Use a well labeled drawing showing atomic orbitals. Indicate bonding type, type of orbital overlap, molecular geometry, bond angles, and hybridization of carbon.

Methane is a tetrahedron with four 109.5° bond angles
The hybridization on carbon is sp^3
Orbital overlap is a sp^3 in each of 4 sigma bonds
The illustration on the right does not show the atomic orbitals involved in bonding. Thus see the illustration in text Figure 2.10 ,p 65

11. Which is more soluble in cyclohexane: isopropyl alcohol or liquid bromine? Briefly explain why

"Like dissolves like" meaning when 2 substances have the same predominant intermolecular attractive forces (IMFs) they are likely to be soluble in one another. Cyclohexane is a good solvent for bromine since the predominant IMF in both these substances is induced-dipole/induced dipole attractions (aka London Dispersion Forces or van der Waals Forces). Not so with isopropyl alcohol since its predominant IMF is Hydrogen-bonding. So it is very incompatible with either cyclohexane or bromine

12. Which is more acidic: $CF_3CH_2CH_2OH$ or CF_3CH_2OH? Briefly explain why

CF_3CH_2OH is more acidic than $CF_3CH_2CH_2OH$. The inductive effect in the former substance is greater, since it much closer to the ionizable hydrogen attached to oxygen.

was" we have to understand "how it actually wasn't."[33]

The new prominence of alternate history can also be seen as a by-product of technological trend the "information revolution." Through the appearance of new, digitally based computer and co technologies – most notably the internet, we have witnessed the birth of cyberspace, a realm of unli broken the restrictions of real time and space and hitherto "real" us to an alternate or "virtual" reality where the digital alteration of photographs has become commonplace on magazine covers, w altered (or fabricated) actors populate movie screens, and where online chats replace face-to-face have become increasingly seperated from the real world. It is little wonder, then, that in such imaginations have become separated from the constraints of real history as well.[34] As the alter cyberspace becomes the place where we live much of our daily lives in the present – so too does u and perhaps inclination – to imagine an alternate reality for the past.

The new interest in alternate history can further be explained by the growing presence of what m a speculative sensibility within contemporary popular culture. Instead of simply mirroring reality, of film and fiction have begun to explore alternatives to it. This speculative sensibility has been m of late in major motion pictures – among them, *Sliding Doors*, *Run Lola Run*, *Femme Fatale* and *Effect* – which have portrayed small points of divergence in the lives of the central characte dramatically different outcomes.[35] A similar embrace of speculation has further been visible on th directors to allow audiences to select alternate endings to their films according to personal preferen tendency to envision alternate pas has found expression in the increasing popularity of "fan fict amateur writers supply their own supplementary narratives to established television shows and f The growth of this speculative impulse can be seen as part of a larger imaginative turn within popu general. Over the course of the last generation, certain genres of narrative representation – espe fiction and fantasy – have left their former location on the cultural periphery and assumed mainst Beginning with the emergence of the "New Wave" of socially conscious science fiction literatu 1960s, through the Hollywood blockbuster space epics of Spielberg and Lucas in the 1970s and way up to the current vogue for Philip K. Dick, science fiction has gained a sizable share of th market.[37] The same can be said about the genre of fantasy, as seen in the enduring popularit Tolkien's epic novel (and Peter Jackson's recent Oscar-winning cinematic portrayal of) *The Lord o* well as the immense success of J.K. Rowling's *Harry Potter* series. Both genres, of course, are de vivid imagination of alternate worlds far removed from contemporary reality – the world of s typically set in a speculative future that of fantasy situated in a magical, mythological past.[38] The both, however, seems to have facilitated the acceptance of that new related genre that focuses its ima upon the *actual* past – alternate history. As alt-historical narratives rely on the same imaginative science fiction and fantasy narratives, it is no wonder that the first-named have ridden the coat tai two to new prominence.

Finally, the new prominence of alternate history is explained by the acceleration of what has b "Entertainment Revolution."[39] The emergence of entertainment as one of the primary standar modern Western society is a complex phenomenon with distant origins, but it has become especia recent years.[40] If steady economic prosperity, an increase in leisure time, and growing opportu consumption explain the general public's insatiable appetite for pleasurable diversion, the fierce (but also immensely lucrative) forces of the capitalist free market explain why the television, fil and book publishing industries – not to mention less overtly commercially minded fields like po

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1 888-877 1655 (your boss will never notice .. maybe) or 1 503-200 1300 (long distance to Portland, Oregon) and it show f appear here within a couple of minutes. (It's a toll free number if you're in the USA.) Keep it clean & legal.

Fax single page documents with no cover sheet. If you fax more than one page only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promise that this will actually work.

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

MICROSOFT SOFTWARE LICENSE TERMS

WINDOWS VISTA HOME BASIC

WINDOWS VISTA HOME PREMIUM

WINDOWS VISTA ULTIMATE

These license terms are an agreement between Microsoft Corporation (or based on where you live, one of its affiliates) and you. Please read them. They apply to the software named above, which includes the media on which you received it, if any. The terms also apply to any Microsoft

- updates,
- supplements,
- Internet-based services, and
- support services

for this software, unless other terms accompany those items. If so, those terms apply.

By using the software, you accept these terms. If you do not accept them, do not use the software. Instead, return it to the retailer for a refund or credit. If you cannot obtain a refund there, contact Microsoft or the Microsoft affiliate serving your country for information about Microsoft's refund policies. See www.microsoft.com/worldwide. In the United States and Canada, call (800) MICROSOFT or see www.microsoft.com/info/nareturns.htm.

As described below, using the software also operates as your consent to the transmission of certain computer information during activation, validation and for Internet-based services.

If you comply with these license terms, you have the rights below for each license you acquire.

1. **OVERVIEW.**

   a. **Software.** The software includes desktop operating system software. This software does not include Windows Live services. Windows Live is a service available from Microsoft under a separate agreement.

   b. **License Model.** The software is licensed on a per copy per device basis.

   c. **Edition Specific Rights.** See the Additional License Terms sections at the end of this agreement for license terms that apply to specific editions of the software.

2. **INSTALLATION AND USE RIGHTS.** Before you use the software under a license, you must assign that license to one device (physical hardware system). That device is the "licensed device." A hardware partition or blade is considered to be a separate device.

   a. **Licensed Device.** You may install one copy of the software on the licensed device. You may use the software on up to two processors on that device at one time. Except as provided in the Storage and Network Use (Ultimate edition) sections below, you may not use the software on any other device.

Troubleshooting Steps

The steps below will help you resolve common issues and problems.

- Make sure the power cord is securely plugged into the power adapter and the power adapter is plugged into a working electrical outlet.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect the fax machine directly to the Vonage device. Bypassing any home wiring.
- Power off the ATA for one minute, temporarily disconnecting all power to it.

Dell Preferred Account

Notice of Amendment to Dell Preferred Account Credit Agreement

This notice informs you of the changes that have been made to your Dell Preferred Account Credit Agreement. Please read this notice carefully and retain it for your records. These changes are effective immediately.

Penalty APR. We are deleting the Penalty APR, also called the Default Rate, from your Credit Agreement. We are deleting all references to the Penalty APR in the "Periodic Rates" section of your Credit Agreement. With this change, you will have only the standard APR for purchases and corresponding Daily Periodic Rate. These rates will vary with the market based on the Prime Rate.

The Periodic Rates section of your Credit Agreement is revised, as follows:

> Periodic Rate. The Daily Periodic Rate and corresponding Annual Percentage Rate are variable rates that may change each month. The Corresponding Annual Percentage Rate (APR) for purchases that applies to your Account is determined by adding 14.99 percent to the Index, which is described below.
>
> The Daily Periodic Rate is determined by multiplying the APR for purchases by 1/365th (1/366th in a leap year).
>
> The current corresponding APR or yearly rate, Daily Periodic Rate, Margin and any additional restrictions on how we determine the Annual Percentage Rate appear on the Pricing Addendum that accompanies and is a part of this Agreement.
>
> The Index is the Prime Rate published in the Money Rates table of The Wall Street Journal (the "Index") on the date immediately preceding the first day of your billing cycle. Any change in the Index will cause the corresponding Annual Percentage Rate to be adjusted as of the first day of your Billing Period that begins after the change.

We are also making one change to the "Promotional Credit Plans" section of your Credit Agreement, to provide that the benefits of a Promotional Credit Plan will expire and all accrued interest and charges on those plans will be added to your Account, if your Account is placed in default.

Exception: If your account is currently subject to the Penalty APR, it will remain subject to that APR until you make 6 consecutive minimum monthly payments on time.

Creditor. The Agreement has been revised to state that the Dell Preferred Account is offered by WebBank, a Utah Industrial Loan Bank.

Definitions. In the Definitions section, the terms "we," "us," and "our" are defined to mean WebBank, the lender. However, in the Arbitration section, "we" and "us" are defined to mean WebBank and Dell Financial Services.

The Credit Agreement has been revised to clarify in the Definitions section that the terms "we," "us," and "our" are deemed to mean Wedbush, except in the arbitration provision.

11.7.3. BOOTP Information

If you have a bootp server, you can put this information in the bootptab file. To use this, you must enable the bootp option on the printer. The T144 option specifies a file to be read from the bootp server. This file is read by using the TFTP protocol, and you must have a TFTPD server enabled. Here is a sample bootptab entry

```
# Example /etc/bootptab: database for bootp server (/etc/bootpd).
# Blank lines and lines beginning with '#' are ignored.

A 14-year-old mother who was seven months pregnant gave birth to the girl Tuesday at the Santa Casa de Misericordia hospital in the nearby city of Araxa, according to a police statement.

It said the hospital reported that the baby died moments after being born and her body was sent to a funeral home. As the undertaker was preparing it for burial, the girl started crying.

The baby was rushed back to the hospital and was then transferred to a neonatal intensive care unit at the Hospital das Clinicas in the city of Uberaba.

"She died of multiple organ failure caused by a lack of oxygen in the blood," said Joao Paulo Vicente, a spokesman for the Hospital das Clinicas, speaking by telephone.

Neither police nor the hospitals released the names of the mother or child.

THIS IS A NEWS UPDATE. Our earlier report appears below

Brazilian police say a newborn girl was saved from being buried alive when and started crying at a funeral home where she had been taken after doctors declared her dead.

A police statement says that the 14-year-old mother was seven months pregnant when she gave birth on Tuesday at the Santa Casa be Misericordia hospital in the city of Araxa.

Police say the hospital reported that the baby died moments after being born. The body was sent to a funeral home and as the undertaker was preparing it for burial, the girl started crying.

The baby was rushed back to the hospital and placed in an intensive care unit.

The hospital confirms the incident but gives no details. Neither police nor the hospital released names of the mother or child.

Perception

Is something

We cannot control

A good one

A bad one

They all have their tolls

But while people

Are thinking

If they like us or not

I am being a person

But I'm tied up

In a knot

So keep a thought

About us inside

But please don't judge

We don't want to hide

Keep taking a stance

And creating a view

We all are one

Dear Friends

Please accept this beginning of another long hot summer and we need your help once again this year! We are pleased to offer another great selection of prizes for your consideration in our 4th annual *SIZZLING SUMMER PROJECT*. This opportunity drawing for the next 18 consecutive years has enabled the foundation to maintain our services to the abused children in our area with no financial contributions to the foundation's operation by the trade. Thank you for your loyal support. We depend on you!

The limited-edition *SIZZLING SUMMER PROJECT* drawing first prize of Ruger New Model Vaquero in .45 Colt caliber. It has beautiful highly polished and durable stainless steel handle so fine its shooters would make an cowboy proud. Three guns come with a magnificent hand-tooled Roy Rogers style double holster rig. See the enclosed flyer for photos.

The second prize is an IMI Model 941 Galil assault rifle. This gun is made in Orange County, California in a fun gun to shoot now is made in the U.S.A. Learn more and read the fine print. See the back side of the enclosed flyer for more details.

The third prize is an H & R 1871 Buffalo Rifle, in the Old West caliber of .38-55. This is a single shot rifle and it has some of the most beautiful wood stocks I have seen in my life. This rifle is fun to shoot and I hope to find one for myself soon. See the reverse side of the enclosed flyer for more information!

The *SIZZLING SUMMER PROJECT* has your choice of our quality fine gifts, a beautiful double holster rig, two copies of our new book Real Western Guns: 43 Famous Firearms, plus two copies of the Happy Trails Cowboy Collection CD's a total of 10 great prizes for 10 lucky winners. Tickets are $10 each or 11 tickets for $100. The drawing will be held at the Roy Rogers and Dale Evans Museum Festival in Victorville, CA Saturday, September 12. We cannot accept ticket orders after noon PDT on Friday the 11th. **YOU DO NOT HAVE TO BE PRESENT TO WIN!** The winners will be notified by phone. Please order your tickets today, by writing to a live person on our toll free order line (888) 788-4040, or you may mail your order via the enclosed order envelope or order on-line, www.happytrails.org. We accept Lucas, MasterCard and VISA credit cards. In accordance with postal regulations, no consideration is necessary to enter this drawing.

Thank you for your loyal support through the years!

AVG( )

Using AVG( ) you can find the average value of a function over a defined time. You like two of the comma in the function.

AVG(Close,5) Average close value over the last 5 days.

AVG(AVOC,126) Average value of the 10-day moving average over the last 6 months.

AVGTP(Close,5) 5 day average TSV period 15 yesterday

AVG(IDC(Close),5) Average value of Stochastics %D and 5 over the last 5 days.

You can mix up operators within the brackets. For example AVG(AVG(C10) – AVG(C20),10) would find the difference between the 10 and 20 day moving averages and then average that value over the last 10 days.

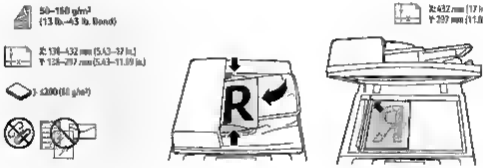
Faxing

You can send a fax in one of four ways:

- **Embedded Fax** scans the document and sends it directly to a fax machine.
- **Server Fax** scans the document and sends it to a fax server which transmits the document to a fax machine.
- **Internet Fax** scans the document and emails it to a recipient.
- **LAN Fax** sends the current print job as a fax.

For details, see the *Faxing* chapter in the *User Guide*. For details about **LAN Fax**, see the print driver software. For details about fax setup and advanced settings, see the *System Administrator Guide*.

1



Load the original.

2

Press **Services Home**, then touch **Fax**, **Server Fax**, or **Internet Fax**.

Clear All clears previous and changed settings for the current service.

Hard Times for Landlords

Published July 29, 2009

To the Editor:

Re "Stores Go Dark Where Buyers Once Roamed" (front page, July 21):

Retail vacancy rates are up, and your article points to high rents as a main reason for such vacancies.

The truth is that building owners throughout the city are doing all they can to work with tenants to help them get through this terrible economic time. It makes no sense to push paying tenants out to have vacant storefronts. Higher vacancies clearly lead to lower rents, not higher rents.

Unemployment is at all-time highs, sales taxes are up, real estate taxes are up and people around the world are shopping less while they try to save their homes and make ends meet.

A commercial real estate broker quoted at the end of the article correctly states what is actually happening in the market. For building owners, "it's all about tenant retention."

The Illinois Department of Public Health (IDPH) Uniform Do Not Resuscitate (DNR) Advance Directive is always voluntary and is for persons with advanced or serious illness or frailty. This order records your wishes for medical treatment in your current state of health. Once initial medical treatment is begun and the risks and benefits of further therapy are clear, your treatment wishes may change. Your medical team and this form can be changed to reflect your new wishes at any time. However, no form can address all the medical treatment decisions that may need to be made. The Power of Attorney for Health Care Advance Directive form (POAHC) is recommended for all capable adults, regardless of their health status. A POAHC allows you to document, in detail, your future health care instructions and name a Legal Representative to speak for you if you are unable to speak for yourself.

Advance Directive Information

Patient has the following advance directives (OPTIONAL):

☐ Health Care Power of Attorney ☐ Living Will Declaration ☐ Mental Health Treatment Preference Declaration

Contact Person Name	Contact Phone Number

Health Care Professional Information

Preparer Name	Phone Number
Preparer Title	**Date Prepared**

Completing the IDPH Uniform Do Not Resuscitate (DNR) Advance Directive Form

- **The completion of a DNR form is always voluntary, cannot be mandated and may be changed at any time.**
- A DNR form should reflect current preferences of persons with advanced or serious illness or frailty. Also encourage completion of a POAHC.
- Verbal/phone orders are acceptable with follow-up signature by attending physician in accordance with facility/community policy.
- Use of original form is encouraged. Photocopies and faxes on any color of paper also are legal and valid forms.

Reviewing a Do Not Resuscitate (DNR) Advance Directive Form

The DNR form should be reviewed periodically and if:

- The patient is transferred from one care setting or care level to another
- or there is a substantial change in the patient's health status
- or the patient's treatment preferences change
- or the patient's primary care professional changes.

Voiding or revoking a Do Not Resuscitate (DNR) Advance Directive Form

- A patient with capacity can void or revoke the form, and/or request alternative treatment.
- Changing, modifying or revising a DNR form requires completion of a new DNR form.
- Draw line through sections A through E and write "VOID" in large letters if any DNR form is replaced or becomes invalid, beneath the written "VOID" write in the date of change and re-sign.
- If included in an electronic medical record, follow all voiding procedures of facility.

Illinois Health Care Surrogate Act (755 ILCS 40/25) Priority Order

Testaaga

2 Cor 1:18 shows us the possibility of "another Jesus" being preached instead of the Biblical Jesus. Do you know the real" Jesus? The Bible emphatically states that Jesus is God incarnate. Many Scriptures prove the Deity of Jesus Christ. He is the Son of God and the Son of Man. He is one of the three Personages of a Triune God. He is separate and distinct from the Father and the Holy Spirit, yet equal and co-eternal with them. A prophecy about his birth is found in Isaiah 9:6 which reads:

"For unto us a child is born, unto us a son is given, and the government shall be upon his shoulder: and his name shall be called Wonderful, Counselor, The Mighty God, The Everlasting Father, The Prince of Peace" Psalm 50:1 and Jer. 32:18 show us the Father is also called "The Mighty God".

Jesus was recognized as God from his birth. Let's consider Matt. 1:23

"Behold, a virgin shall be with child, and shall bring forth a son, and they shall call his name Emmanuel, which being interpreted is, "GOD WITH US".

The work of creation is attributed to Jesus in the New Testament. Ye Isaiah 44:24 reads "... I am the Lord that maketh all things; that stretcheth forth the heavens ALONE; that spreadeth abroad the earth by MYSELF." Isaiah was speaking of the Father as Creator God. In the following verse John is referring to the Son.

John 1:3 "All things were made by him; and without him was not any thing made that was made." Also Col. 1:16,17 "For by him all things were created, that are in heaven and that are in earth, visible and invisible, whether they be thrones, or dominions, or powers; all things were created by him, and for him. And he is before all things, and by him all things consist."

There are only two reasons of existence, The Creator and things created.

Verse 17 states "He is before ALL things, and by him ALL things consist". If Jesus is before all things and has created all things, he cannot be a thing, which was consequently created. Therefore he must be the Creator, God who is separate from His creation.

We know that Jesus was not just a man. This is explained in various passages throughout the Bible.

Thomas speaking to Jesus refers to Him as "My Lord and my God". John 20:13

As we read on we can see how God was born "The Son of Man".

Phil 2:5-7 "... Christ Jesus, Who being in the form of God, thought it not robbery to be equal with God: But made himself of no reputation, and took upon him the form of a servant, and was made in the likeness of men."

Another example is found in 1 Tim 3:16 "And without controversy great is the mystery of godliness: God was manifest in the flesh, justified in the spirit, seen of angels, preached unto the Gentiles, believed on in the world, received up into glory."

Scripture also states that man cannot redeem man, yet Jesus was a ransom for all mankind.

Psalms 49:7 "None of them by any means redeem his brother, nor give God a ransom for him:"

1 Tim. 2:5,6 "For there is one mediator between God and men, the man Christ Jesus; Who gave himself a ransom for all."

Another factor proving his deity is clearly seen in Scripture as we read how Jesus received worship, an act reserved only for God.

Matt. 2:11 "And when they were come into the house, they saw the young child with Mary his mother, and fell down and worshipped him,"

Matt. 28:9 "And as they went to tell his disciples, behold, Jesus met them, saying, All hail. And they came and held him by the feet, and worshipped him."

Luke 24:52 "And they worshipped him, and returned to Jerusalem with great joy:"

In Rev. 5:11 - 14 the Lamb is worshipped by all creation.

How to enable LDAP over SSL with a third-party certification authority

Article ID: 321 View product that this article applies to.

Date last reviewed: July 31, 2006 Date last updated: 2006-07-31

855-330 - 1239

SUMMARY

This article describes how to enable Lightweight Directory Access Protocol (LDAP) traffic to use Secure Sockets Layer (SSL) or Transport Layer Security (TLS). Secure LDAP is sometimes referred to as LDAPS. After you enable LDAP over SSL, all LDAP traffic is encrypted. This includes traffic for LDAP queries, modifications, and administrative replication between domain controllers. This article also describes how to enable LDAP over SSL for Microsoft Windows 2000 Server and Microsoft Windows Server 2003 by installing an enterprise certification authority (CA).

MORE INFORMATION

There is no additional configuration that is required to enable LDAP over SSL. However, you must install a certificate that meets the following requirements in the Personal certificate store on each domain controller or global catalog server that is running Windows 2000 Server or Windows Server 2003 to enable LDAP over SSL:

Requirements for an LDAPS certificate

To enable LDAP over SSL, the following certificate requirements must be met:

- The Local System certificate must be issued to the domain controller's fully qualified domain name (FQDN). To verify this requirement, open the certificate, click the Details tab, and then see if the FQDN of the domain controller is listed in the Subject field. For example, if the domain controller is named DC01.nwtraders.msft, the FQDN is DC01.nwtraders.msft.
- The certificate must contain the Server Authentication enhanced key usage (EKU) object identifier (OID), which is 1.3.6.1.5.5.7.3.1. This OID is also known as the SSL/TLS Server Authentication EKU OID. To verify this requirement, open the certificate, click the Details tab, and then see if Server Authentication (1.3.6.1.5.5.7.3.1) is listed in the Enhanced Key Usage field.
- The certificate must be issued by a CA that is trusted by the domain controller and the client computer. To verify this requirement, see if the root CA certificate is listed in the Trusted Root Certification Authorities certificate store on the computer.
- The certificate must use the Schannel cryptographic service provider (CSP). For more information about CSPs, see the "More information about certificate requirements and how to create certificates manually" section in Windows 2000 Server Help.

Creating the certificate request

Any third-party application that creates certificate requests (PKCS #10 format) can be used to send requests to a third-party CA for certificates. The Certreq.exe tool can be used for this purpose.

Note: The certificate request generated by this method will not have the "Server Authentication" EKU. In order to use this method, you must have Windows 2000 Server Resource Kit Supplement 1 or Windows Server 2003 installed. See the appropriate Resource Kit Help file for more information about how to add the "Server Authentication" EKU to the certificate request.

To create a request, you must first create an .inf file to specify the parameters for the certificate request. Here is a sample .inf file that you can use as a template. You must modify the values to reflect your environment.

```
[NewRequest]
Subject = "CN=<fully qualified domain name (FQDN) of the server>, OU=<your organizational unit>, O=<your company name>, L=<your city>, S=<your state or province>, C=<your country/region code>"
Exportable = TRUE
KeyLength = 1024
KeySpec = 1
KeyUsage = 0xf0
MachineKeySet = TRUE
SMIME = False
PrivateKeyArchive = FALSE
UserProtected = FALSE
UseExistingKeySet = FALSE
ProviderName = "Microsoft RSA SChannel Cryptographic Provider"
ProviderType = 12
RequestType = PKCS10
KeyUsage = 0xa0

[EnhancedKeyUsageExtension]
OID=1.3.6.1.5.5.7.3.1 ; this is for Server Authentication
```

Dear [redacted]

The new year brings new things, and I'm excited to announce that the nation's fastest mobile broadband network is getting faster with 4G.*

Innovation. Every day.

Stronger connections. Faster access to your favorite content. The AT&T mobile broadband experience is evolving. 4G is coming soon to several areas around the country and will provide innovative solutions to deliver a smoother, more consistent mobile broadband experience. **Remember, AT&T's mobile broadband network lets you talk and surf the Web on your phone at the same time** — so you can keep the conversation going when you need to.

Always moving forward.

Our network is evolving. AT&T's already fast mobile broadband network is getting faster with speeds up to 4X faster in 4G areas. Also, by offering industry-leading devices and providing great plans and resources, we're doing everything we can to keep you connected with those who matter most.

Thank you for trusting AT&T with every connection you make. If you have questions or would like to learn more about 4G from AT&T, please visit att.com/mynetwork.

Sincerely,

Mark Collins

Mark Collins
Sr. Vice President, Data and Voice Products

*4G speeds are delivered when HSPA+ technology is combined with enhanced backhaul. 4G speeds will be available in limited areas around the country with availability increasing with ongoing backhaul deployment. 4G speeds require a 4G device.

Easy Shepherd's Pie

Simply Recipes

American favorite shepherd's pie recipe, casserole with ground beef, vegetables such as carrots, corn, and peas, topped with mashed potatoes.

Prep time: 10 minutes
Cook time: 50 minutes **Yield:** Serves four

INGREDIENTS

- 1 1/2 lbs ground round beef
- 1 onion chopped
- 1-2 cups vegetables chopped carrots, corn peas
- 1 1/2 2 lbs potatoes (3 big ones)
- 8 tablespoons butter (1 stick)
- 1/2 cup beef broth
- 1 teaspoon Worcestershire sauce
- Salt, pepper other seasonings of choice

METHOD

1 Peel and quarter potatoes, boil in salted water until tender (about 20 minutes)

2 While the potatoes are cooking, melt 4 Tablespoons butter (1/2 a stick) in large frying pan

3 Sauté onions in butter until tender over medium heat (10 mins) If you are adding vegetables add them according to cooking time Put any carrots in with the onions. Add corn or peas either at the end of the cooking of the onions or after the meat has initially cooked

4 Add ground beef and sauté until no longer pink. Add salt and pepper. Add worcestershire sauce. Add half a cup of beef broth and cook, uncovered over low heat for 10 minutes, adding more beef broth as necessary to keep moist.

5 Mash potatoes in bowl with remainder of butter, season to taste

6 Place beef and onions in baking dish. Distribute mashed potatoes on top. Rough up with a fork so that there are peaks that will brown nicely. You can use the fork to make some designs in the potatoes as well

7 Cook in 400 degree oven until bubbling and brown (about 30 minutes). Broil for last few minutes if necessary to brown

NOW IN BOOK FORM!

Aluminum Foil Deflector Beanie: Practical Mind Control Protection for Paranoids By Lyle Zapato

Lots of new information, including expanded instruction and usage tips, vital psychotronic deflection theory, an overview of AFDB alternatives, a guide to potential mind control enemies and the never-before-elucidated history of the AFDB. Get yours before it's banned by the forces of mind control! ISBN 1 39269 376 2 (Also available from Amazon.com)

Welcome to the AFDB Website

This site is dedicated to spreading the word about the Aluminum® Foil Deflector Beanie and how it can help the average human. Here you will find a description of AFDBs, how to make and use them, and general information about related subjects. I hope that you find the AFDB Homepage to be an important source of AFDB know-how and advocacy.

What Is An AFDB?

An Aluminum Foil Deflector Beanie (AFDB) is a type of headwear that can shield your brain from most electromagnetic psychotronic mind control carriers. AFDBs are inexpensive (even free if you don't mind scrounging for thrown out aluminium foil) and can be constructed by anyone with at least the dexterity of a chimp (maybe bonobo). This cheap, easy and unobtrusive form of mind control protection offers real security to the masses. Not only do they protect against incoming signals, but they also block most forms of brain scanning and mind reading, keeping the secrets in your head truly secret. AFDBs are safe and operate automatically. All you do is make it and wear it and you're good to go! Plus, AFDBs are stylish and comfortable.

Job Storage

Job Storage Description

Job Storage allows you to send the print job to the printer and have it stored there until you print it from the printer's control panel. Some Job Storage jobs allow an optional PIN to be associated with the job for extra security.

Job Storage USB Installation

To enable Job Storage, you must first insert a dedicated USB storage device (with at least 16GB of memory) in the rear USB slot. This USB storage device will hold the Job Storage jobs sent to the printer. If this USB storage device is removed, Job Storage will be disabled on the printer.

Insert the USB drive in the rear USB slot and follow the instructions on the control panel. This USB drive will be dedicated to Job Storage.
The front USB slot will not work for Job Storage.

1. The USB cover may need to be removed to reveal the USB slot on some printer models. If there is a cover, remove it.
2. Insert a USB drive with at least 16GB of memory.
3. Follow the Control Panel messages to format the USB drive for Job Storage.

You may need to update your printer driver if you do not find the "Job Storage" tab after enabling the feature in the printer. Go to the following URL for instructions on how to update the printer driver.

Deductions and Adjustments Worksheet

Note. Use this worksheet only if you plan to itemize deductions or claim certain credits or adjustments to income.

1 Enter an estimate of your 2021 itemized deductions. These may include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 10% of your adjusted gross income, and miscellaneous deductions. For 2021, you may have to limit certain itemized deductions if your income is $ 1
more than $ 439,000 and you're married filing jointly or qualifying widow(er);
$ 412,600 if you're head of household;
$ 386,800 if you're single or married filing separately; and
$ 207,350 if you're married filing jointly or qualifying widow(er)

2 Enter: $ 25,100 if married filing jointly or qualifying widow(er) / $ 18,800 if head of household / $ 12,550 if single or married filing separately 2 $

3 Subtract line 2 from line 1. If zero or less, enter -0- 3 $

4 Enter the estimate of your 2021 adjustments to income and any additional standard deduction (see Pub. 505) 4 $

5 Add lines 3 and 4 and enter the total. (Include any amount for credits from the Credit for Withholding Allowance for Child Care Worksheet in Pub. 505.) 5 $

6 Enter an estimate of your 2021 nonwage income (such as dividends or interest) 6 $

7 Subtract line 6 from line 5. Enter the result, but not less than -0- 7 $

8 Divide the amount on line 7 by $4,300 and enter the result here. Drop any fraction 8

9 Enter the number from the Personal Allowances Worksheet, line H, page 1 9

10 Add lines 8 and 9 and enter the total here. If you plan to use the Two-Earners/Multiple Jobs Worksheet, also enter this total on line 1 below. Otherwise, stop here and enter this total on Form W-4, line 2, on page 1 10

Two-Earners/Multiple Jobs Worksheet (Use this worksheet only if the instructions for line 2 of Form W-4 direct you here.)

Note. Use this worksheet only if you're married filing jointly and have a working spouse or you have more than one job at a time. Complete all applicable lines. Enter the result on Form W-4, line 2, on page 1. Complete lines 4 through 9 below to figure the additional withholding amount necessary to avoid a year-end tax bill.

1 Enter the number from line 1 of the Deductions and Adjustments Worksheet 1

2 If you're married filing jointly and wages from the highest paying job are $95,000 or less, and you don't enter more than "3" in step 3 of Form W-4, you can enter "2" here. Otherwise, enter "1" 2

3 Enter the number from line 2 of this worksheet 3

Note. If line 1 is more than line 2, subtract line 2 from line 1. Enter the result here (if zero, enter "0") and on Form W-4, line 4, page 1. Don't use the rest of this worksheet.

Note. If line 1 is less than line 2, enter "0" on Form W-4, line 4, page 1. Complete lines 4 through 9 below to figure the additional withholding amount necessary to avoid a year-end tax bill.

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet 5

6 Subtract line 5 from line 4 6

7 Find the amount in Table 2 below that applies to the HIGHEST paying job and enter it here 7 $

8 Multiply line 7 by line 6 and enter the result here. This is the additional annual withholding needed 8 $

9 Divide line 8 by the number of pay periods remaining in 2021. For example, divide by 26 if you are paid every two weeks and you complete this worksheet in December. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck 9 $

Assay Description (from DHS comp)

Herceptest™ is a semi-quantitative immunohistochemical assay to determine HER2 protein overexpression in breast cancer tissues using formalin-fixed paraffin-embedded tissue sections. Herceptest™ is supplied as an easy to use procedure of two test vials per kit, the Wash Buffer Concentrate (solution 1) and the Ready-to-use Monoclonal Rabbit Anti-HER2 Protein Reagent (solution 2), utilized on DAKO Autostainer Link 48 instrument automatically without any manual intervention. Using standard user-friendly DAKO EnVision™ and DAKO FLEX HRP reagent.

Estrogen Receptor (ER) monoclonal antibody reagent is intended for the qualitative identification by light microscopy of human breast cancer nuclei (ER) in formalin-fixed, paraffin-embedded tissue by immunohistochemical staining using the intended Dako system. Estrogen therapy is an ER positivity tools in the ER origin. Assist in the analysis of ER positive breast and endometrial cancer.

Progesterone Receptor (PR) monoclonal antibody is intended to be used for the qualitative identification by light microscopy of human progesterone receptor (PR) in formalin-fixed, paraffin-embedded tissue by immunohistochemical staining using the intended DakoEM system. Progesterone therapy is an PR positivity tools in the PR origin. Assist in the analysis of PR positive breast and endometrial cancer.

Ki-67 (MIB-1) monoclonal antibody is intended for the qualitative identification by light microscopy of human proliferating cells in formalin-fixed, paraffin-embedded tissue by immunohistochemical staining using the intended DakoEM system. Ki-67 is a cell proliferation marker for breast cancer.

Q: Why are hawks such great football fans? A: They're always watching the game on the field!	Q: What has more lives than a cat? A: A frog — it croaks every night!
Q: Why are basketball players sloppy eaters? A: Because they always dribble!	Q: How do you know when you're built upside down? A: When your feet smell and your nose runs!
Q: Why does Santa have so many gardens? A: So he can hoe hoe hoe!	Q: Why did the mouse dance on the peanut butter jar? A: Because it said twist to open!
Q: What did the salad say to the refrigerator? A: Close the door, I'm dressing!	Q: What did one eye say to the other? A: There is something between us that smells!
Q: What do termites eat for breakfast? A: Oak meal!	Q: What do you get when you cross a bell and a chicken? A: An alarm cluck
Q: What do you get when you cross Lassie and a rose? A: A collie-flower!	Q: Which part of a hen has the most feathers? A: The nois del
Q: Why weren't apples allowed on Noah's ark? A: Only pears were allowed!	Q: Why did the little skunk listen to the big skunk? A: Because it was older and wiser!
Q: What kind of bird can lift heavy things? A: A crane!	Q: What does a 2,000-pound mouse say? A: Here, kitty kitty!

There are changes to the limits on the value of awards given by an ISD to an employee, volunteer, or pupil, as well as the value above which an ISD administrator may not accept a gift from a vendor or potential vendor. Section 634 places an upper limit on the value of awards given by an ISD to an employee, volunteer, or pupil, as well as the value above which an ISD administrator may not accept a gift from a vendor or potential vendor. The fiscal year 2016-17 cap of $130 for awards increases to $133 and the cap of $56 for gifts increases to $57 due to the increase in the average CPI.

Please note that all of the thresholds and caps mentioned in this communication are effective as of this date and are in effect until the next communication revises them.

If you have any questions, please contact Phil Boone, Office of State Aid and School Finance, at 517-335-4059 or boonep2@michigan.gov.

Resort Operating Highlights from Your Resort Team

Thank you for your commitment to a lifetime of spectacular getaways with Hilton Grand Vacations. We strive to provide quality accommodations and superior service setting a new standard in vacation ownership and we trust you'll enjoy these distinctive benefits whenever you stay with us.

Without question, 2016 was an extremely busy year for us. We celebrated our one-year anniversary on June 30 and reflected on the many accomplishments we have achieved in a very short time. We also experienced our first hurricane in early October and are pleased to report that we fared very well with minimal damage to the property and minimal impact to our team members. As always, we strive to provide exceptional service at your resort. We know how valuable your time is and appreciate the opportunity to be part of your family's vacation experiences.

If you have any questions about the enclosed information, please contact the Hilton Grand Vacations Association Management Services department by telephone at (407) 722-3440 or by email at ams@havc.com.

Thank you for your continued support of Ocean 22 Vacation Owners Association, Inc.

Testing Your HP Fax Machine with the HP Fax Test Service | HP® http://h10025.www1.hp.com/ww/en/sso/support/faxtest.html

To test the capability of your fax machine, follow the directions below:

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the HP Fax Test Service will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call forwarding.

1. Send a one page black and white test fax to 1-888-329-8357 (1-888-HPFAXES).

2. When your fax is received by the HP Test Fax Service, we will send a fax confirmation to your fax machine confirming that we received your fax. Check the fax confirmation to be sure that both the sent and received fax numbers are correct. Then, hang up the phone and review the fax confirmation to see if your fax was successful.

Introduction

This document will assist you in testing your HP fax machine using the HP Fax Test Service.

If you do not receive a fax confirmation from the HP Test Fax Service, you may have a problem with your fax machine. Consult the user manual that came with the product for proper setup.

Your fax machine

Make sure that the fax number set in the Fax Header on the fax machine is the same as the fax number of the phone line connected to the fax. Also, ensure that the fax machine is set to receive faxes. Consult the user manual that came with the product for proper setup.

If you receive a fax confirmation, click Continue at the top of the page.

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the HP Fax Test Service will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call forwarding.

Was this document helpful?

NOTE: Providing feedback is optional. It is not necessary to use the following fax test service. If you prefer to try the fax test service, click Continue at the top of the page. Your fax machine will be prompted that it will receive a fax. Pressing *82 before dialing the HP Fax Test Service will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call forwarding.

1. Send a one page black and white test fax to 1-888-329-8357 (1-888-HPFAXES).

2. When your fax is received by the HP Test Fax Service, we will send a return fax to you within five minutes confirming that we received your fax. Check the fax confirmation to be sure that both the sent and received fax numbers are correct. Then, hang up the phone and review the fax confirmation to see if your fax was successful.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup.

Shrink ... Shrank ... Shrunk

A man asked his shrink, "Doc, I had the strangest dream the other night.

"I was riding my horse in the Old West when I saw a stagecoach.

"I flagged it down, opened the door, entered the stagecoach, opened the door on the other side, jumped to the ground, ran around and got back on my horse.

"What the heck was that all about?"

His shrink replied, "Oh, nothing, really. You're just going through a stage!"

I Picked em because they re pretty like you.
I knew you d like em especially the blue"

I said "Son, I m very sorry for the way I acted today
I shouldn't have yelled at you that way

He said, "Oh Mom, that s okay
I love you anyway "

I said "Son I love you too and
I do like the flowers especially the blue "

Are you aware that if we died tomorrow
the company that we are working for could easily
Replace us in a matter of days

But the family we left behind will fill the loss for
the rest of their lives. And come to think of it, we
pour ourselves more into work than into our own
family—an unwise investment indeed,
don t you think.

So what is behind this story? Do you know what the
word family means?

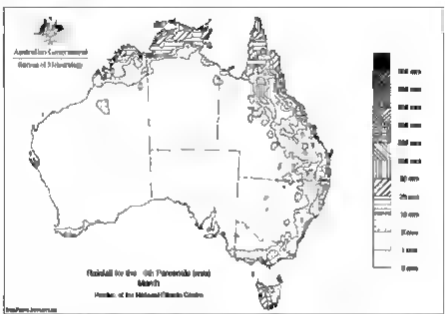
This will ensure that all Fax Sharing features function
smoothly. To download the latest version of DCOM98, visit the
Microsoft Web site at
http://www.microsoft.com/Com/resources/downloads.asp
This is required ONLY if you want to run WinFax in
Fax Sharing mode



When the Fax Sharing option is enabled, you must have
the same date, time, and location settings on both the host and
the client computers. Additionally, the dial as entered location
should not be used when configuring the Fax Sharing
host, as this may incorrectly assemble phone numbers sent from
the Fax Sharing client.

When running in Fax Sharing mode, you must be running the
same language versions of your operating system on both the host
and the client computers.

When running in Fax Sharing mode, a mixture of double-byte

Hi Shawn!

DB2 on POWER: 3x faster. Check. As low as 1/3 the price. Mate.

Watch database hits the right mouse? DB2 on Power Systems™ performs three times faster per core than Oracle Database on SPARC – based on both TPC-C and SAP SD benchmarks. Yet the price of DB2 is as low as 1/3 the price of Oracle Database. Maybe that's why in 2011 over 1,000 Oracle Database clients chose DB2 instead. Game over.

Potato Life

Girl Potato and Boy Potato had eyes for each other. They finally got married and had a little sweet potato, which they called "Yam." When it was time, they told her about the facts of life. They warned her about going out and getting half-baked, so she wouldn't get accidentally mashed and get a bad name for herself like "Hot Potato" and end up with a bunch of Tater Tots. Yam said not to worry, no Spud would get her into the sack and make a Rotten Potato out of her. On the other hand, she didn't intend to stay home and become a Couch Potato.

FRONT

Thanks you [illegible] [illegible] landscaping in your new divisional headquarters [illegible] for the concept plans as agreed

Since your available space is limited we suggest a modular layout. This concept emphasizes space conservation and yet still provides for a modern pleasing atmosphere.

Enclosed are two floor plans. The first one will allow you to keep your present furniture. The second was designed with the intention that our new space-saving modules be used. Notice that the latter will provide for more spacious accommodations and/or room for additional personnel. Also included are the specification sheets on these products.

After you have had a chance to study our ideas, I would like to set up a meeting during October to discuss any further refinements. I will have my secretary make the arrangements. Please call me in the interim if you have any questions.

TESTING!

l arrivée de bande à Martin Mondou à la tête des Cataractes, jumelée au déménagement dans le Centre Bionest a permis d éliminer un paquet de complexes L équipe a maintenant les moyens de bien traiter ses employés, de cajoler ses joueurs, de leur offrir un encadrement académique innovateur de courtiser les agents libres ainsi que des Européens désirants Sauf pour de rares exceptions, les joueurs ne se font plus tirer l oreille pour porter le maillot avec la grosse tête d indien

La saison 2011 2012 peut permettre d'éliminer les derniers complexes Ceux qui traînent depuis plus de quatre longues décennies! Les Shawinigamus n ont en effet jamais été en mesure de lever la Coupe Memorial pas plus que la Coupe du Président Les Cataractes ont bien formé plus que quiconque dans la ligne des joueurs pour la LNH ils ont évidemment signé quelques campagnes impressionnantes mais une fois arrivés au printemps ils ont souvent eu à justifier d amères déceptions

La dernière, Mondou et Éric Veilleux la digèrent encore mal, eux qui ont vu les Voltigeurs de Drummondville brandir la Coupe du Président au terme de la série finale de 2009 qui va rester longtemps gravée dans la mémoire des partisans de hockey junior Les deux clubs ont livré avec acharnement jusqu'au septième match on les Voltigeurs de Guy Boucher et de Dominic Ricard ont pu asperger de champagne devant leurs partisans après une victoire par un but Qui ne se rappelle pas que le meilleur marqueur des Cataractes, Céline Lalonde McNicoll avant le but égalisateur sur sa palette en toute fin de match? Posté dans l enclave alors qu il avait le gardien Marco Cousineau à sa merci le vétéran de 20 ans a visé le haut du filet et son tir a trouvé refuge dans le filet protecteur au-dessus de la barre verte! Une fin qui résume bien toutes ces déceptions encaissées en série dans la ville de l éducation..

«Comme cette saison le cycle faisait en sorte que c était notre année en 2008-2009 rappelle Éric Veilleux D accord on a perdu ce septième match, mais je me rappelle que nous l avions dominé A quelque part ça veut dire que notre plan était bon »

Un plan que l entraîneur des Cataractes va reprendre à la lettre même si les règles du jeu ne sont plus les mêmes étant donné que ses hommes sont assurés d'affronter les meilleures équipes au pays dans leur coin à la mi-mai «C est bien beau la Coupe Memorial, mais avant d'y arriver il y a une autre coupe à l enjeu et nous sommes comme les 16 autres clubs de la ligue, on la veut! Le plan ne change donc pas il faut se servir de la saison comme préparation aux séries, finir le plus haut possible au classement et ensuite se battre avec acharnement pour notre survie Le premier dossier devant nous c est la Coupe du Président pas la Coupe Memorial »

Le petit général n'a pas senti le besoin de s'abreuver chez Clément Jodoin pour savoir s il y a des pièges à éviter au cours des prochains mois avec tous ces projecteurs qui seront braqués sur son équipe Jodoin est le dernier pilote de la LHJMQ qui a tenu les guides d un club-hôte pour le party de fin d'année de la Ligue canadienne de hockey et il aurait sûrement été bien placé pour témoigner que tout ne se déroule pas toujours comme prévu .. «J ai parlé un peu avec Clément, mais c était surtout pour valider certaines informations sur ce qui se passe pendant le tournoi de la Coupe Memorial En ce qui concerne la saison qui s en vient, nos devoirs sont faits on sait où on s en va.»

THIS IS AN ATTEMPT TO COLLECT A DEBT AND ANY INFORMATION OBTAINED WILL BE USED FOR THAT PURPOSE Unless you notify this office within thirty (30) days after receiving this notice that you dispute the validity of the debt or any portion thereof, this office will assume this debt is valid. If you notify this office in writing within thirty (30) days from receiving this notice, this office will obtain verification of the debt or obtain a copy of a judgment and mail you a copy of such judgment or verification. If you request from this office within thirty (30) days after receiving this notice, this office will provide you with the name and address of the original creditor if different from the current creditor

We are required under some states laws to notify consumers who are residents of those states of certain rights as detailed below. If you are not a resident of a state listed below this notice does not apply to you. Consumers have rights under state and federal law that are not described in this letter or below

California: The state Rosenthal Fair Debt Collection Practices Act and the federal Fair Debt Collection Practices Act require that, except under unusual circumstances, collectors may not contact you before 8 a.m. or after 9 p.m. They may not harass you by using threats of violence or arrest or by using obscene language. Collectors may not use false or misleading statements or call you at work if they know or have reason to know that you may not receive personal calls at work. For the most part, collectors may not tell another person, other than your attorney or spouse about your debt. Collectors may contact another person to confirm your location or enforce a judgment. For more information about debt collection activities you may contact the Federal Trade Commission at 1-877 FTC-HELP or www.ftc.gov
For information about the Colorado fair debt collection practices act see: www.ago.state.co.us/uccp.htm

Department of Consumer Affairs

Debt Collection, Money Judgments and Frozen Bank Accounts

Information for Consumers

Debt collection was the #1 complaint category for the Department of Consumer Affairs (DCA) in 2008, with complaint volume increasing nearly 70% compared with 2007. Although DCA can mediate many of the complaints we receive, we cannot mediate issues that involve money judgments and frozen bank accounts. To help you protect yourself—and your money—DCA created this fact sheet which includes where to turn when you need assistance yourself—and your money—DCA creates this fact sheet which includes where to turn when you need assistance

Money Judgments

What is a money judgment?
If a person or company (known as the "creditor") sues you, claiming that you owe a certain amount of money and the judge decides in the creditor's favor, the judge awards a "money judgment." The creditor has a right to try to collect their money from you or "satisfy their judgment." It is creditor has a money judgment against you, that creditor may try to take money directly from your bank account to pay off the debt

If I have a money judgment against me, what happens to the money in my bank account?
One way a creditor can try to collect on a money judgment is to serve legal papers to the bank or credit union requiring it to restrain or freeze a consumer's bank account. This allows a creditor to take money directly from the account.

Can a creditor take all of my money to satisfy a money judgment?
In New York State, as of January 1, 2009, even if a creditor has a judgment against you, the creditor cannot take, restrain, or freeze all of the money in your account—*no matter how much you owe*

Exempt Funds

Under State and Federal law certain money may never be taken by creditors to satisfy money judgments. (See *Are there exceptions to the Exempt Income Protection Act?*) This money is considered exempt funds. You may choose to use exempt funds to pay a debt you owe, but a creditor cannot freeze or forcibly take those funds from you or your bank account to pay off a debt

Exempt funds include the following:

- ✓ Supplemental Security Income (SSI)
- ✓ Social Security retirement
- ✓ Social Security Disability (SSD)
- ✓ Public assistance (Temporary Assistance for Needy Families, TANF)
- ✓ Income earned while receiving SSI or public assistance
- ✓ Disability benefits
- ✓ Workers' compensation benefits
- ✓ Veterans' benefits
- ✓ Black lung benefits
- ✓ Spousal support, maintenance (alimony), or child support
- ✓ Railroad retirement
- ✓ Unemployment benefits

- ✓ **Wages.** Ninety percent (90%) of your wages earned during the past 60 days are exempt if you need them for basic needs, such as shelter (rent or mortgage), food, and medicine. This means that if you earn $500 per week, only $450 would be exempt from an account freeze. If you need that money for certain expenses like rent or mortgage, food, or medicine.

- ✓ **Most public or private pensions.** Public or private pensions are usually exempt from collection

Exempt Income Protection Act of 2008

Under a new law effective January 1, 2009—the Exempt Income Protection Act of 2008—some money held in bank accounts is protected to ensure that consumers have sufficient funds available to meet their basic needs such as rent, food, and medicine

Section VI: Account Holder Acknowledgement and Execution

I have read and agree, before I sign, I have read, understand and agree to the terms of this Account Application and the applicable Account Agreement, including the Arbitration Agreement in Section 9 (which limits my rights to arbitration).

- All of the information I provided in this Account Application is true, correct and complete and I agree to notify UBS of any changes to this information.
- I understand that UBS will update my name in its records as specified on the account(s) that I have elected to open, in the event that I change my name, unless I notify UBS otherwise in writing.
- I have received, read and understand the Privacy Notice.
- I understand and agree that the investment of any portion of my assets in securities issued by, or deposits with, banks that are organized outside of the United States may involve investment risks and that UBS has no responsibility for investment losses resulting from such risks.
- I have discussed with my financial advisor the investment objectives described above and in Section III of my investor profile.
- I understand that my margin borrowings and any dividends I receive from securities purchased on margin may be used to finance investments and may increase the risk of loss in my account.

For non-resident PRC Controller, I acknowledge, warrant, represent, covenant, undertake and agree on my own behalf of the applicable Controlled Account that I am fully aware and understand the risks of, and consequences arising from, the following:

- I am solely responsible for the payment of any and all taxes and duties arising from or in connection with the Controlled Account and the transactions thereunder, including but not limited to any withholding taxes, income taxes, capital gains taxes, stamp duties, securities transaction taxes, goods and services taxes, value added taxes, sales taxes and any other taxes or duties imposed by any governmental authority in the PRC or elsewhere.
- I am solely responsible for the accuracy and completeness of any information provided to UBS and any failure to provide accurate and complete information may result in penalties imposed by the relevant PRC tax authorities on me and/or UBS.
- I am solely responsible for ensuring that my investments and transactions in the Controlled Account comply with all applicable laws and regulations in the PRC, including but not limited to the Circular of the State Administration of Foreign Exchange on Issues Concerning the Administration of Foreign Exchange Used for Domestic Securities Investment or Financing by Domestic Institutional Investors (Hui Fa [2020] No. 20) and the Circular of the State Administration of Foreign Exchange on Issues Concerning the Administration of Foreign Exchange Used for Domestic Securities Investment or Financing by Qualified Domestic Individual Investors.

I/We consider that any breach of any of the representations, warranties, undertakings or agreements made by me/us in connection with my/our opening and operation of the Controlled Account(s) may result in penalties imposed by the relevant PRC tax authorities on me/us and/or UBS. I/We agree to indemnify UBS and hold UBS harmless from any and all losses, damages, liabilities, costs, claims and expenses (including reasonable attorneys' fees) that UBS may incur or suffer as a result of any breach of any of the representations, warranties, undertakings or agreements made by me/us in connection with my/our opening and operation of the Controlled Account(s).

I/We have read, understood and agree to be bound by the terms of this Account Application, including the Arbitration Agreement in Section 9 (which limits my/our rights to arbitration), which I/we have received by means of a separate Account Application. I/We acknowledge that I/we have received a copy of the Privacy Notice. I/We further represent and warrant that I/we am/are not a Specified U.S. Person or a Non-U.S. Entity with one or more Substantial U.S. Owners, as each of those terms is defined in the Form W-9 and Form W-8BEN-E, respectively, in the Client Relationship Guide. I/We agree to notify UBS promptly if I/we become a Specified U.S. Person or a Non-U.S. Entity with one or more Substantial U.S. Owners. I/We have received and read the Client Relationship Guide.

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

DOCSIS® 3.0 Cable Modem

Quick Start Guide

Front Panel LEDs

During normal operation, the POWER, RECEIVE, SEND, and ONLINE LEDs should always be **ON**. The LINK LED should **FLASH** during data transfer.

Note: *During startup, all LEDs will* **FLASH** *and then turn* **ON** *in sequence. If an LED turns* **ON** *and the next LED does not* **FLASH**, *please contact your service provider.*

ICON	LED STATUS
	Green (ON) Indicates power to the modem is properly connected.
	Green (ON) Indicates a downstream (receive data) channel connection. **Blue*** (ON) Indicates a bonded downstream (receive data) channel connection.
	Green (ON) Indicates an upstream (send data) channel connection. **Blue*** (ON) Indicates a bonded upstream (send data) channel connection.
	Green (ON) Indicates Internet connectivity.
	Amber (ON) Indicates a device, computer or router is connected to the Ethernet port and is operating in Ethernet (10Base-T) or Fast Ethernet (100Base-T) mode. **Blue*** (ON) Indicates a device, computer or router is connected to the Ethernet port and is operating in high-speed Gigabit Ethernet 1000Base-T) mode.

*High-speed data service may not be available in your location. Check with your service provider for more information.

Modem Label

Please note: The SB6141 modem label is also located on the bottom of your modem. The label contains specific ID information for your modem.

To receive cable service, you service provider may request the Media Access Control (MAC) address (see **HFC MAC ID**) and serial number (see **S/N**) located on this modem label.

U2413 Color Calibration Factory Report

Every Dell U2413 is shipped incorporating pre-tuned sRGB and AdobeRGB with average DeltaE<2. Color and Luminance Uniformity is adjusted across the screen to meet DeltaE<2 and 87-402% respectively. This helps prevent significant color inconsistency or inaccuracy in addition, a tighter grey-scale tracking helps enable ultra-smooth color gradation.

Be assured of Accurate, Precise and Consistent Onscreen Color with every Dell Ultrasharp U2413

Test Print

This printer is now ready for printing.

After this, Quick Menu opens automatically.

Quick Menu is a shortcut menu that lets you access functions you want to use with one click.
You can access CREATIVE PARK PREMIUM, the Online Manual, etc.

* The screen display varies depending on your printer.

CREATIVE PARK PREMIUM

You can download popular characters or artwork of famous artists and print them.
CREATIVE PARK PREMIUM is a premium content service available exclusively to customers who use genuine Canon ink for all colors.

Online Manual

The Online Manual is an instruction manual on the website. It contains the latest information needed for operations such as printing. You can also use it for troubleshooting when problems arise.

* An internet connection is necessary.

We Recommend Using Canon Genuine Inks

Canon genuine consumables (inks / printing paper) are developed especially for Canon ink-jet printers. We recommend using Canon genuine consumables to maintain printer performance and ensure consistency.

HELLO
SSLLIPPINNNDDGGEEPPEEIINNSSDD
7/28/2012 0751

bind up the money in thine hand, and shalt go unto the place which the LORD thy God shall choose 26 And thou shalt bestow that money for whatsoever thy soul lusteth after for oxen, or for sheep or for wine or for strong drink or for whatsoever thy soul desireth and thou shalt eat there before the LORD thy God, and thou shalt rejoice, thou, and thine household 27 And the Levite that is within thy gates thou shalt not forsake him for he hath no part nor inheritance with thee 28 At the end of three years thou shalt bring forth all the tithe of thine increase the same year and shalt lay it up within thy gates 29 And the Levite (because he hath no part nor inheritance with thee) and the stranger and the fatherless, and the widow which are within thy gates, shall come, and shall eat and be satisfied, that the LORD thy God may bless thee in all the work of thine hand which thou doest.

De 15:7 If there be among you a poor man of one of thy brethren within any of thy gates in thy land which the LORD thy God giveth thee thou shalt not harden thine heart, nor shut thine hand from thy poor brother 8 But thou shalt open thine hand wide unto him, and shalt surely lend him sufficient for his need in that which he wanteth.

De 26:12 When you have made an end of tithing all the tithe of your increase in the third year, which is the year of tithing, then you shall give it to the Levite to the sojourner to the fatherless and to the widow that they may eat within your gates, and be filled

So, the question remains: who shall receive the tithes? No, you now know the answer; there is more to add to it, though

Mt 25:34 Then shall the King say unto them on his right hand, Come, ye blessed of my Father, inherit the kingdom prepared for you from the foundation of the world: 35 For I was an hungered, and ye gave me meat: I was thirsty, and ye gave me drink: I was a stranger, and ye took me in: 36 Naked, and ye clothed me: I was sick, and ye visited me: I was in prison, and ye came unto me. 37 Then shall the righteous answer him, saying, Lord, when saw we thee an hungered, and fed thee? or thirsty, and gave thee drink? 38 When saw we thee a stranger, and took thee in? or naked, and clothed thee? 39 Or when saw we thee sick, or in prison, and came unto thee? 40 And the King shall answer and say unto them, Verily I say unto you, Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me.

Some common causes of the defined problem are:

- UAC was not disabled before installing (or re-installing) the GFI FaxMaker printer
- **Remote Desktop Connection** is used but the **Local Resources** > **Printers** is not disabled
- The computer is joined to an Active Directory Domain, but a Domain Administrator account was not used for installing the printer
- Accidental removal of the FaxMaker printer from the printers listing
- Application or Microsoft Updates which could affect security settings in the environment
- Recent upgrade GFI FaxMaker with a failed attempt to update the FaxMaker printer

testing fax - Online Reputation Alert

28 Jan 2011

We have found at least one defaming internet article related to **"testing fax"** This report shows on the first results page if a person searches **"testing fax"** in the major search engines (Google Yahoo Bing, Aol, Ask etc)

In today's Internet era erroneous & malicious gossip rumors unfair opinions false complaints and other bad articles can spread fast, globally! A negative article can severely damage your good name or can tarnish a company's reputation with consumers, damage its employment brand and diminish the company's value in the eyes of investors Negative news can easily compound major problems and if not tackled in a timely manner the damage can be almost irrevocable Negative publicity on the internet is costing corporations millions even if in many cases negative publicity can be outdated, inaccurate, and even made up by a competitor

Don't be a victim! Act now and take control on the situation!

Reputation Solutions can help you get to the root of the problem and solve it. To start creating, improving, restoring or defending your online reputation contact us today and get results fast.

If All Else Fails, Reputation Solutions will make the difference:

By using Reputation Solutions you can push negative publicity down in search engine results for your name or brand First you will see improvements, then we will dominate for your keywords and after that you will get a strong positive reputation that will be under your control Although the negative publicity will still exist, its effects will be greatly lessened by the fact that most web users (99%) won't ever see it.

Fax (short for facsimile), sometimes called telecopying, is the telephonic transmission of scanned printed material (both text and images), normally to a telephone number connected to a printer or other output device. The original document is scanned with a fax machine (or a telecopier), which processes the contents (text or images) as a single fixed graphic image, converting it into a bitmap, and then transmitting it through the telephone system. The receiving fax machine reconverts the coded image, printing a paper copy [1] Before digital technology became widespread, for many decades, the scanned data was transmitted as analog.

Although businesses usually maintain some kind of fax capability, the technology has faced increasing competition from Internet-based alternatives. Fax machines still retain some advantages, particularly in the transmission of sensitive material which, if sent over the Internet unencrypted, may be vulnerable to interception, without the need for telephone tapping. In some countries, because electronic signatures on contracts are not recognized by law while faxed contracts with copies of signatures are, fax machines enjoy continuing support in business.[2][citation needed]

In many corporate environments, standalone fax machines have been replaced by fax servers and other computerized systems capable of receiving and storing incoming faxes electronically, and then routing them to users on paper or via an email (which may be secured). Such systems have the advantage of reducing costs by eliminating unnecessary printouts and reducing the number of inbound analog phone lines needed by an office. Once ubiquitous fax machine has also begun to disappear from the small office / home office environment too. Remotely hosted fax-server services are widely available from VoIP and e-mail providers allowing users to send and receive faxes using their existing e-mail accounts without the need for any hardware or dedicated fax lines. Personal computers have also long been able to handle incoming and outgoing faxes using analogue modems or ISDN, eliminating the need for a stand-alone fax machine. These solutions are often ideally suited for users who only very occasionally need to use fax services.

GET YOUR NEW THIN CLIENT SYSTEM UP AND RUNNING

Congratulations—welcome to enhanced security, reduced cost, less risk and a system that's a whole lot easier to manage.

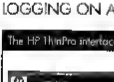
HP ThinPro thin clients help improve productivity with quick deployment of simple, familiar and more reliable computing experiences.

It's easy to get started.

This quick start guide illustrates some of the most common tasks of setting up an HP ThinPro thin client. It's designed to help you get up and running right out of the box. However, if you have questions, need more information or want to set up a more unique configuration, please refer to the HP ThinPro Administrator Guide at **www.hp.com/support/manuals/thinclients**. Select your thin client and its respective guide under *General Reference*.

LOGGING ON AND GETTING STARTED

The HP ThinPro interface appears when you first turn on the thin client and defaults to User Mode.



User Mode

- Allows restricted rights to subset of access connection creation and control panel applications. Allows restricted rights to subset of access connection creation and control panel applications.

Administrator Mode

- Allows full access to control panel applets, manipulation of HP ThinState Capture and Deploy, FTP images, etc.
- Defines which connections and connection types are visible when in User Mode and limits users on deleting connections or creating new ones.

Note. You must log in with administrator permissions to access all components of the HP ThinPro user interface. The default password for Administrator Mode is **root**.

To switch between User and Administrator mode:

1. Click the HP logo in the bottom left of the screen

   or

2. Position your cursor in the screen background and right-click. Then select **Administrator/User Mode Switch**.
3. Enter your password.

Quick tip

To determine if you are in User or Administrator mode:

A blue banner at the top of the console window designates User Mode.

A red banner at the top of the console window designates Administrator Mode.

Bienvenue dans

Télécopie et numérisation Windows®

Numérisation et télécopie de documents : une seule application

TÉLÉCOPIE Vous pouvez envoyer et recevoir des télécopies de documents par l'intermédiaire de votre ordinateur sans utiliser de télécopieur. Vous pouvez également imprimer vos télécopies, les envoyer par messagerie électronique ou les enregistrer.

Pour commencer

1. Connectez une ligne téléphonique à votre ordinateur.

   Si votre ordinateur utilise un modem externe, connectez le téléphone au modem, puis connectez le modem à votre ordinateur.

2. Dans la barre d'outils, cliquez sur **Nouvelle télécopie**.

3. Suivez la marche proposée par l'Assistant de configuration pour connecter l'ordinateur à un modem de télécopie. Une fois cette opération terminée, vous pouvez créer votre télécopie.

Pour connecter l'ordinateur à un serveur de télécopie partagé qui a un modem, contactez votre administrateur. Pour obtenir de l'aide sur les télécopies, cliquez sur le bouton **Aide** de la barre d'outils.

NUMÉRISATION Après avoir ajouté un scanneur à votre ordinateur, vous pouvez afficher un aperçu de vos documents ou de vos images avant de les numériser afin de mieux régler les paramètres de numérisation et obtenir ainsi de meilleurs résultats. Vous pouvez également envoyer des fichiers numérisés à un correspondant par télécopie ou par messagerie électronique.

Pour commencer

1. Connectez votre scanneur à votre ordinateur en suivant les instructions livrées avec votre scanneur. Posez ensuite un document ou une image sur le scanneur.

2. Dans **Télécopie et numérisation Windows**, en bas du volet gauche, cliquez sur **Numériser**.

3. Dans la barre d'outils, cliquez sur **Nouvelle numérisation**.

4. Choisissez les paramètres de numérisation que vous voulez utiliser. Vous êtes désormais prêt à numériser.

Utilisez à tout moment les options de la barre d'outils pour imprimer vos documents et images numérisés, les copier les utiliser pour ou les envoyer par messagerie électronique. Pour obtenir de l'aide sur la numérisation, cliquez sur le bouton **Aide** de la barre d'outils.

The request for him to take a leave and Ford's admission that he had purchased drugs while serving as mayor were just two key moments in a council meeting that also saw a separate petition presented that said the mayor should take a break from his job.

Ford took questions from councillors, including some pointed ones from Minnan-Wong, about the mayor's views on drugs and crime.

"Do you have zero tolerance of guns, drugs and gangs?" Minnan-Wong asked Ford on Wednesday morning.

The mayor said he does. Minnan-Wong then asked: "Have you purchased illegal drugs in the past two years?"

After a long pause, Ford replied, "Yes I have."

"I'm humiliated by it, but I can't change the past," said Ford. "All I can do is move on and that's what I'm doing."

At one point during Wednesday's council meeting, Coun. Giorgio Mammoliti floated the idea of having drug testing for all members of council.

The mayor later unsuccessfully attempted to move a motion demanding that his colleagues be tested.

Mayor accused of moving in 'threatening way'

It was just one of many dramatic moments during the morning session. Things had become heated earlier when Minnan-Wong alleged Ford stood in front of him in "a threatening way" as debate on the motion got underway.

The councillor asked for an apology. Heckling and shouting ensued, prompting the chair to call a five-minute recess.

After the recess, Speaker Frances Nunziata asked Ford to apologize. Ford refused, insisting he had merely asked the councillor to take his seat.

"I did not threaten him in any shape or form," said Ford. "He knows that. I asked him to take his seat. I have nothing to apologize for."

After that exchange, councillors used the debate to ask Ford about his behaviour, hammering him with questions about his admitted use of crack cocaine and his drinking. Ford continued to deny he is an addict and side-stepped questions about whether he will seek professional help.

Ford indicated he would take, at most, a few days off during the holiday season. Ford has defied all calls to take a break from his job, despite his crack use and other high profile "mistakes," some of them alcohol-related.

At present, it ds in a densitometme computations
run yields density cards c d ns. If the test code used involves
E N D conversions, th h separate conversion
program to correspo Corresponding to individual
strips are punched, wi s red.

I prop ty card output is now called
plotted densities are d simply be the average densities
If the test code calls for L N D conversion it would be the L N D densities that are punched out
If the test breaks down e g because of range check failure we would get cards punched out for
individual strips since individuals are plotted in that case

I would appreciate your comments on this proposal by January 2, 1971

Finance and Accounting for Non-Financial People

This comprehensive one-day program is for managers, supervisors, business owners, professionals and executives from non-financial backgrounds. You'll learn the jargon, stimulate practices, and everyday applications of finance and accounting.

IN THIS ONE-DAY PROGRAM, YOU'LL LEARN HOW TO:

- Increase your confidence as you contribute your ideas in financial planning and things with upper management
- Speak the language of the people who control your organization's purse strings
- Develop performance reports that show planned vs. actual income and expenses
- Enhance your decision-making skills by better understanding the financial impact of your choices
- Cut through the complex jargon of accounting
- Build a reputation for consistently being on budget
- Apply the universal ground rules of finance to any organization's reports and planning processes
- Get your new ideas implemented and applauded for their bottom line results — rather than set aside and left untested.
- Assess the liabilities and payoffs of new ventures, proposals, and plans

Decision Power™ Health & Wellness

A bridge to healthy actions

We understand there are many ways to define "wellness." At Health Net we view wellness as an individual's personal desire to live a healthy and productive life. Here's some of what we offer our members:

- **Nurse24SM** is a toll free 24-hour nurse line that provides immediate clinical support of everyday health issues and questions, such as caring for minor injuries and illnesses, identifying emergency health situations and understanding prescriptions.
- **Decision Power CareAlerts** is a way to remind you about important screenings and immunizations, care gaps and medication safety. These are individualized messages with suggestions to you and your doctors.
- **Decision Power Healthy Pregnancy program** features a full service maternity education program. Off nak management and NICU program.
- **Tools and techniques** to help you quit tobacco use for good... The comprehensive Quit for Life® program uses telephone, web and text support to give you the motivation and help you need to stay tobacco free. You will receive a toolkit to help guide you through the quitting process.
- **Guidance and support** for living with an ongoing illness such as asthma, diabetes, heart disease, etc.

You have access to Decision Power through your current participation with one of the following Health Net companies: Health Net of California, Inc. Health Net Life Insurance Company.

Decision Power is not part of Health Net's commercial medical benefit plans. Also, it is not affiliated with health plans' provider networks and is only for members of companies with such plans. Decision Power services, including clinicians, are additional resources that Health Net makes available to enrollees of Health Net of California, Inc. and Health Net Life Insurance Company.

I went to my sweet corn patch yesterday and found this. What in the world?! The whole crop is like this. It was fine 2 days ago. I was able to salvage only one ear. This morning I saw a squirrel nibbling away at one stalk so I suspect it and it's family were the culprits. They've become very overpopulated this year in my part of town. Any suggestions on how to deter these critters? This is the first time in 25 years of corn planting I ever had this happen.

HOW TO CONVERT

VRETA sofa-bed is easy to convert into a bed. For bedtime, remove the seat cushions, lift up and pull out the seat rest the middle legs on the floor and fold out the foot end of the bed. Now it's an extra bed, 52¼x76¾", with room for two people. The mattress has a spring core that makes sleeping comfortable for your overnight guests. And as a bed, VRETA also has an adjustable neck support, which you regulate by moving the head end up or down. Your overnight guests will find that comfy for reading or watching TV.

COMBINATIONS

Rounded shape provides a lot of space and great seating comfort in the whole corner section.
This corner sofa with armrest left and unit combination $1749

You can choose to have the armrest to the left or to the right. This corner sofa with armrest right and unit combination $1749

This is a test to see if the fax works

Above: Seven-year-old Rose has a healthy meal regularly at PPI5's feeding center in the Damayan area of the Philippines.

food scavenged from garbage, food that contains little nutritional value and sometimes diseases. Today PPI5 has 25 feeding centers in the Kenyan slums, serving over 3,000 impoverished people with bread for the body and Bread of Life for the soul. For young Bayana and his community, Christmas this year will be different.

Thousands of miles away in the Philippines, cries of hunger echo in Tagalog, the country's native tongue. In the Damayan area conditions are so desperate that people have no hope for a way out—they simply struggle to survive another day. Yet today in the shadows of this vast slum, seven-year-old Rose has her eyes fixed on a plate of chicken adobo set before her. It is a meal Rose could only dream about before Please Pass the Bread established a center here. Now nutritious food is a recurring reality for Rose and other children. Partnering with local ministries, PPI5 is serving 1,500 people in 20 locations throughout the poorest sections of the Philippines. With every meal comes an opportunity to worship Jesus and learn of His love through Bible study and prayer. For Rose and thousands of others, this Christmas will be different.

The tent cities of Haiti need little description. News reports have shown in graphic detail just how brutal life is here for the world's poorest people. Amid heaps of wreckage still present from the disastrous earthquake of 2010, shoeless children wander daily, risking dysentery and a host of microbial illnesses. Now those children are being given sustenance, as weekly food supplies from PPI5 are distributed throughout the hardest hit regions. The love of Christ is dispensed with every plate of rice and beans. For Benecia, a six-year-old Haitian girl, there is a connection between the simple prayers of her family for God's help and the daily provision that sustains them. For young Benecia and her family this Christmas will be different.

As you sit down to your family Christmas dinner, please remember Bayana, Rose and Benecia. Pray for them—celebrate with them. And allow us to thank you for the vital role you have played in helping Please Pass the Bread reach thousands of men, women and children around the world with God's love and provision. For us, this is Christmas 2011—it is why we are here. May God bless you. Merry Christmas.

In 1854, Congress passed the Kansas-Nebraska Act which repealed the Missouri Compromise, and allowed individual states and territories to decide for themselves whether to allow slavery. The law provoked violent opposition in Kansas and Illinois. And it gave rise to the Republican Party. This awakened Abraham Lincoln's political zeal once again, and his views on slavery moved more toward moral indignation. Lincoln joined the Republican Party in 1856.

In 1857, the Supreme Court issued its controversial decision Scott v. Sanford, declaring African Americans were not citizens and had no inherent rights. Though Abraham Lincoln felt African Americans were not equal to whites, he believed the America's founders intended that all men were created with certain inalienable rights. Lincoln decided to challenge sitting U.S. Senator Stephen Douglas for his seat. In his nomination acceptance speech, he criticized Douglas, the Supreme Court, and President Buchanan for promoting slavery and declared "a house divided cannot stand."

The 1858 Senate campaign featured seven debates held in different cities all over Illinois. The two candidates didn't disappoint the public, giving stirring debates on issues ranging from states' rights to western expansion, but the central issue in all the debates was slavery. Newspapers intensely covered the debates, often times with partisan editing and interpretation. In the end, the state legislature elected Douglas, but the exposure vaulted Lincoln into national politics.

That's just great... damn, now I've got a mouse living in my vacuum!?

Subject: A must-read-
The surprising benefits of lemon!
==========

Institute of Health Sciences 819 N. L.L.C. Charles Street Baltimore , MD 1201

This is the latest in medicine, effective for cancer!

Read carefully & you be the judge

Lemon (**Citrus**) is a miraculous product to kill cancer cells. It is 10,000 times stronger than chemotherapy.

Why do we not know about this? Because there are laboratories interested in making a synthetic version that will bring them huge profits. You can now help a friend in need by letting him/her know that lemon juice is beneficial in preventing the disease. Its taste is pleasant and it does not produce the horrific effects of chemotherapy. How many people will die while this closely guarded secret is kept, so as not to jeopardize the beneficial multimillionaires large corporations? As you know, the lemon tree is known for its varieties of lemons and limes. You can eat the fruit in different ways you can eat the pulp, juice press, prepare drinks, sorbets, pastries, etc... It is credited with many virtues, but the most interesting is the effect it produces on cysts and tumours. This plant is a proven remedy against cancers of all types. Some say it is very useful in all variants of cancer. It is considered also as an anti-microbial spectrum against bacterial infections and fungi, effective against internal parasites and worms. It regulates blood pressure which is too high and an antidepressant, combats stress and nervous disorders.

The source of this information is fascinating: it comes from one of the largest drug manufacturers in the world, says that after more than 20 laboratory tests since 1970, the extracts revealed that: It destroys the malignant cells in 12 cancers, including colon, breast, prostate, lung and pancreas. ... The compounds of this tree showed 10 000 times better than the product Adriamycin, a drug normally used chemotherapeutic in the world, slowing the growth of cancer cells. And what is even more astonishing, this type of therapy with lemon extract only destroys malignant cancer cells and it does not affect healthy cells.

Fuxtext:

There was once a young man who, in his youth, professed his desire to become a great writer.

When asked to define "great" he said, "I want to write stuff that the whole world will read, stuff that people will react to on a truly emotional level, stuff that will make them scream, cry/howl in pain and anger!"

He now writes error messages for Microsoft Corporation.

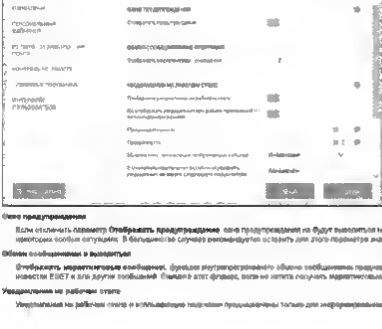
Предупреждения и уведомления

Ищете информацию о стандартных оповещениях и предупреждениях?

Обновление не требуется
Ваша версия антивирусного программного обеспечения ESET больше не актуальна
Доступно обновление
Ваш браузер поддерживается не полностью. Выбран протокол приложений (HTTP, POP3, IMAP) не выбран

В разделе **Предупреждения и уведомления** вам предоставляется возможность настроить способы обработки предупреждений об угрозах и системных уведомлений (например, сообщений об успешном выполнении обновлений) для программы ESET Smart Security. Здесь также можно настроить время отображения и продолжительность уведомлений на панели задач (применяется только в системах, поддерживающих уведомления на панели задач).



Окна предупреждения

Если отключить параметр **Отображать предупреждения**, окна предупреждений не будут выводиться на экран, делать это следует только в некоторых особых ситуациях. В большинстве случаев рекомендуется оставить для этого параметра значение по умолчанию (включен).

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1 888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

9, is not automatic. It is manually entered as before. 9 + area + number
No idea what the fax rate is set to. Old fax machines, as whatever rate it is, would be slow. Each one might even be different, as they are different models.
Testing internally, dialing 9 and 10 digit number (outside to inside)
Externally, they are able to receive faxes from outside folks, unable to SEND to anyone. Internally, we're unable to test from device to device or floor to floor or between departments in the building on the same copier system.
No other analog lines in the building that I can access, all were switched over to with the new copier equipment a few months ago.

MANAGING YOUR AGENCY IN A TIME OF GREAT CHANGE

OCTOBER 22-23, 2013

An important Opportunity to prepare for Change in the Dynamic Home Care Industry! Earn ANCC accredited CEU's regarding "Home Health Management & Leadership." As a home health executive, administrator, owner or manager, you will not want to miss this conference! You will have an opportunity to: learn practice management and leadership skills as well as legal, operational, financial, technological, sales and marketing strategies from speakers who have been where you are and have led successful home care agencies.

In the ever-changing Medicare home health environment, it is more important than ever to learn how to operate a cost effective, profitable and compliant agency. Make sure your agency is positioned to successfully navigate the Affordable Care Act, ICD-10 transition, Medicare payment cuts, ACO's, etc.

NOTES:

THIS IS A TEST OF FAXING THROUGH NOTIFICATION #2

Test Pattern 1.0

This here be some text. We want at least one page of text included in this testing because text is usually what people transmit in a fax—like a contract page with a signature. Don't get me wrong, graphics are fine but text gives us that warm and fuzzy feeling that this testing is rooted in emulating real-world scenarios.

Graphics, on the other hand, allow us to see minute transmission flaws that are easily overlooked in a text message. The brain is a wonderful thing, and can cause us to overlook small, missing details. Take, for example, the car company called KIA. Have you ever noticed that the "A" is missing the bar? It looks like a ^.

There are other examples of how the brain will fill in missing pieces of characters, or even whole words. I won't bore you with more details. The point is that text is not the best transmission to prove a fax system is working correctly.

Because the human brain is adept at recognizing patterns, the following pattern pages will easily allow one to detect even a small fax issue.

THE MAIL

The Way He Is

I met Mr. Redford in 1990 and had a brief but engaging conversation with him. He was ever so gracious. That brief encounter, and his life long commitment to all causes good, illustrates that he is the real deal in the industry as well as in life! He is not only an effective filmmaker, actor and activist but a truly gentle person. I can't help but have a crush on the actor while also admiring the man.

Jill Brouillard
Santa Barbara, California

Robert Redford is a megastar with integrity. He is to be commended for his environmental awareness and for setting such a fine example of what people with power can do. For some one like me, that is the root of his electrifying magnetism.

CHARLOTTE PARHAM
Chattanooga, Tennessee

Loved, loved, loved the article on Robert Redford! He simply oozes sex appeal (yes, 75-year-olds can be sexy). Mr. Redford can put his shoes under my bed anytime!

CAROL CARELLI
Amsterdam, New York

Hardcore Competitors

I related to your story about "Super Athletes." I started training in karate when I was 40. Now I'm 71 and can time to train with the same intensity as when I started more than 30 years ago. This article confirms for me that seniors can maintain a strenuous and active lifestyle for many years.

DEBBIE BAKER
Hamburg, New Jersey

Mouthful of Money

Your article "The Bionic Mouth" is right: Tooth loss is epidemic. Could it be, though, that many people don't have the proper insurance to cover dental care? My 90-year-old mother has no insurance other than Medicare and Medicaid. I'm happy for those who have the funds or insurance to get implants, but most folks probably can't afford to care for their teeth as they should.

AID Performance Physical Therapy

Dear Friends of AID Performance Physical Therapy

I am pleased to announce that AID Performance Physical Therapy has moved to new office space and will be open for business effective March 5, 2012. Our new space is located in the Ryan Park Office Park (the Lueg and Foster office building located behind the Giant) and is only one (1) suite from our former office. (I suggest you park in between the buildings (Kaiser Permanente) and use the side entrance; our office is the first door on the left.)

The new address is: 43490 Yukon Drive, Suite 100, Ashburn, VA 20147

Our phone and fax numbers will remain the same.

Please feel free to stop by anytime and visit our new place and stay tuned for an upcoming announcement for our Grand Opening!

Thank you for your continued patronage.

Our Father which art in heaven
hallowed be thy name
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses
as we forgive them that trespass against us
And lead us not into temptation
but deliver us from evil
[For thine is the kingdom,
the power and the glory,
for ever and ever]
Amen

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!
